Crews Move In For Work On Highway

CONTRACT CALLS FOR ACTUAL WORK TO BEGIN ON ROAD BY LAST OF WEEK

Representatives of the contractor on the Hamlin-McCaulley highway project were making arrangements to move in to Hamlin this week in preparation for start of actual construction or the vital highway to the southwest. Original starting date for the project was stipulated in the contract as April 20.

H. G. Grimmett, superintendent of the job, was experiencing difficulty this week in finding living quarters for his crew, which will probably include about 30 men. They will be in Hamlin for probably four to five months.

Hugh McMillan is contractor on the three-pronged project that embraces 2,037 miles on farm highway No. 609 from Longworth to State Highway No. 70 (Roby to Sweetwater route); 7,980 miles from the Jones-Fisher County line just southwest of Hamlin, through McCaulley to intersection with U. S. Highway No. 180 (Anson to Roby route); and 1.8 mile spur from Highway No. 57 (Hamlin to McCaulley route) to the Celotex Gyp Mill.

The stretch from U. S. Highway 180 through Sylvester to Longworth will be improved under a highway maintenance plan, according to district State Highway Department officials at Abilene.

McMillan's contract includes grading and drainage structures, caliche base and asphalt topping.

Local men reported this week that property owners along the Hamlin-to-McCaulley route had moved most of the fences back from the right-of-way to make a 90-foot swath.

NO SPECIAL WATER VOTED BY COUNCIL FOR HAMLIN USERS

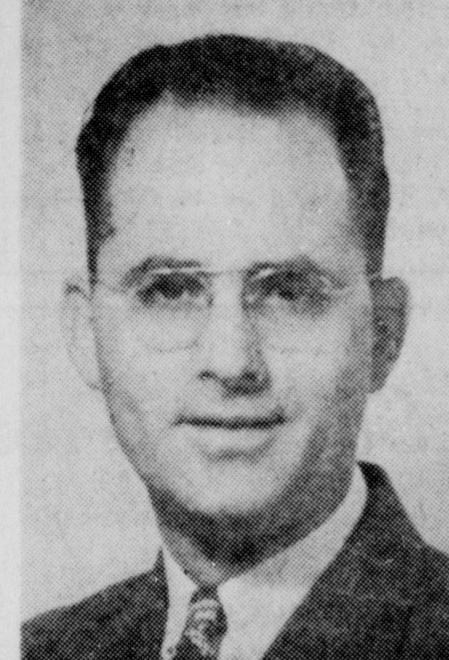

No special summer water rates will be put into effect in Hamlin at this time, it was decided by the City Council in its regular monthly meeting Tuesday evening in the city hall. Due to the present situation in the water supply for Hamlin, the city dads felt such special rates would not be wise.

Special rates have been in effect for Hamlin city water users in the past to permit watering of gardens, lawns and trees.

New members of the City Council were installed at the Tuesday session, and the new council will be in full charge of proceedings at the next regular meeting in May. Holly Toler took the oath of office as incoming mayor, and L. H. McBride, Max Brundage and Gordon Bennett assumed office as aldermen.

An ordinance was passed by the City Council making it unlawful to put a covered culvert for a private driveway across any bar ditch within the City of Hamlin. Such driveways must be constructed as dips, it was ordained, and the dips must be approved by the street superintendent.

TAKES NEW CHURCH

New Oil Test By Snowden Going Down

ROTARY RIG GETS BUSY AFTER BIG SERVICE CASING SET IN HOLE ON YOUNG TRACT

Rotary rig on the newest oil test in the Neinda area southwest of Hamlin was scheduled to really get down to business this week-end on the first of two new wells slated to be drilled by the Snowden interests of Dallas on their holdings of about 2,000 acres in the Neinda area.

Well started last week by Snowden is located on the Mrs. L. F. Young tract two miles south of Neinda in Subdivision 2 of the Goliad County School Lands Survey. Contracted for a 2,900-foot well, the operators will go to the Flippin lime at that level if production is not encountered at a higher level. Service casing was set at 60 feet Tuesday morning in the hole.

Second well will be drilled immediately upon completion of the Young well. It will be on the R. R. Carroll tract.

The Carroll test will be located one-fourth mile south of the original Neinda well drilled by the Buttram interests several months ago.

No new developments are reported by the Iron Mountain Oil Company of Oklahoma City, which has been trying to get started for several weeks on a wildcat test nine miles northeast of Hamlin. Harold G. Neely, one of the owners, states that the test will be spudded just as soon as casing arrives and a rig can be moved from another test in the Hamlin area. Iron Mountain holds a block of 19,500 acres in the northeastern tract.

Neeley interests are at work on a well in the Carlton community, south of Hamlin.

Oil leasing operations continue at a lively clip in the Hamlin area, and most acreage is bringing good prices, Hamlin operators report.

MARDELL LYNCH TO COLORADO CITY AS MINISTER MAY 1

Mardell Lynch will become minister of the Colorado City Church of Christ May 1, it became known several days ago when the preacher accepted the call to the Mitchell County pastorate. Lynch has been minister of the Hamlin Church of Christ since January, 1943.

Lynch, who has led his congregation ably during the past two and one-half years, is one of the church's prominent ministers of this area. An active member of the Lions Club in Hamlin, Lynch also has been a worker in Chamber of Commerce, Boy Scout and other civic affairs in the community. An able speaker, he has appeared on many programs in the area as a banquet and school commencement speaker.

Lynch and his family, wife and two sons, will move to the new pastorate within the next 10 days to take over their new work.

Bro. Lynch was scheduled to return this week from Oregon, where he did the preaching in a 15-day revival meeting at McManville.

MORE AREA SCHOOL DISTRICTS DISCUSS MERGER PROPOSAL

Preliminary discussions for probable calling of an election to consolidate the Swedonia School District with the Hamlin district were conducted at a called meeting of the Hamlin Board of Education Monday evening.

At the conclusion of the conference the Swedonia trustees invited the Hamlin trustees to meet with patrons of the Swedonia district at the Swedonia school Monday evening for the purpose of further discussing the future relations between the two districts.

Other school districts in the area have previously made consolidation moves. Neinda district has called an election for April 27 to vote on the Neinda-Hamlin consolidation measure. Celotex and Carlton districts have asked for petitions to call for such elections.

Some pupils from all four of these districts, as well as from seven other districts in the section, are already attending Hamlin Schools under various tuition and transfer arrangements.

Recent trustee election returns in the Hamlin Independent School District were canvassed at the Monday meeting of the board. LaFoy Patterson was sworn in to fill the expiring term of L. H. McBride, who chose not to have his name filed for reelection.

Due to the building program started under the tenure of the present officials of the board, the group voted no changes in the organization. Holly Toler is president and A. Spencer is secretary of the board.

These services are being sponsored by the Comrades Sunday School Class of the Methodist Church.

Good Friday Services Slated by Methodists

Good Friday, April 19, is being observed at the First Methodist Church in services at 12:30 to 1:30 and 3:30 to 4:30 p. m., congregation officials state. The public is invited to go to the church—if only for a few minutes—for prayer and communion, Pastor E. L. Yeats states.

Mrs. Joe McCrary and Mrs. Brad Rowland will have charge of the music for the first hour, and Dora Joyce Culbertson, Anna Margaret McBride and Diane Carlton for the second hour period.

These services are being sponsored by the Comrades Sunday School Class of the Methodist Church.

LEADERS IN PUBLICATION OF PIED PIPER

To these Hamlin High School seniors most of the responsibility for the 1946 edition of The Pied Piper, school annual, has fallen. Work on the yearbook was completed last week, and copy and other materials went

to the publishers Friday. The annual, to be done by offset printing, is scheduled to be off the press the middle of May, according to Jerry Waggoner, left, editor, and Margaret McBride, business manager.

RODEO DRAWS HUGE CROWD TO HAMLIN AS COMPETITION IN EVENTS IS SPIRITED

Hamlin Rodeo last Friday and Saturday attracted one of the largest crowds to the city seen here in many moons, old-timers declared at the close of one of the outstanding events of the area. The show was a financial success, too, state officials of the Hamlin Rodeo Association, sponsoring organization.

Entries in all events at the four shows made competition lively, and the customers did not want for first class rodeo entertainment.

Of course, the community sponsor event was one of the features of this rodeo this year. Hamlin's own Jessie Myer's topped first place money in the sponsor contests. Other placings

VETERAN TRAINING SCHOOL PROGRAM SLATED IN COUNTY

A vocational training school for veterans of Jones County is in prospect. The Herald learns this week, following a called meeting held Monday at Anson of the Jones County Board of Education. The board voted to organize and direct a school.

Application for approval of the plan of organization for the school has been forwarded to the State Board of Education at Austin.

This school is designed to operate on a part-time and "on the job" training basis. It will be a county-wide affair, with all veterans of Jones County eligible to participate.

It is contemplated that as interest and enrollment in the school grows branches will be opened in Hamlin and Stamford to meet the needs of the veterans of these communities.

All veterans who are eligible under the educational provisions of the G. I. Bill of Rights are eligible to attend the school and will be paid subsistence allowances by the Veterans Administration of \$90 per month if married and \$65 per month if single.

It is desired that a meeting of all veterans interested in this school be held in the near future to further explain the operation of the school and to obtain a survey of those who are interested and the course of study they desire to take. Time and place of this meeting will be announced through The Herald at a later date.

R. B. Carothers, a recently discharged veteran, has been appointed coordinator of the school to assist the Jones County Board of Education in taking the necessary steps toward securing approval from the State Board of Education. Carothers will work in cooperation with the civic organizations of Jones County in promoting the school and setting up a course of study in the school.

Courses of study will be offered in agriculture, trades and industries, and distributive education.

See HAMILTON RODEO—Page 5

Front Windows Being Installed at S & W Store

Workmen were slated to complete the front of the S. & W. Variety Store just south of the Hamlin Home & Auto Supply this week. Large plate glass windows are being placed in the building, which is being doubled in size and completely remodeled. T. E. Shelburne & Son are contractors on the job.

S. & W. company officials were here this week to note progress on the building. It will probably be another 30 days before the store is ready to open, workmen state.

Wise Chapel Adults to Present Play Tuesday

"Here Comes Charley" is the title of a play to be presented by the adults of Wise Chapel community Tuesday evening at 8:00 o'clock. The play will be given in the school auditorium.

Cast of characters for the production, as announced by community leaders, will be: Mrs. Walter Fletcher, Mr. and Mrs. Larry Holmes, Mr. and Mrs. E. A. Hewett, Mrs. Hose Jones, Mrs. Johnny Agnew, J. C. Riddle, J. L. Wilson and Roy Watts. A small admission will be charged at the door.

Tests Reveal Early Hatch By Hoppers

WARM WEATHER ASSISTING IN PROPAGATION OF PESTS—PRECAUTIONS TAKEN

Young grasshoppers are hatching in pastures and some of the wheat fields in Jones County, according to a report made this week by W. J. Spicer, entomologist with the United States Department of Agriculture, Bureau of Entomology. Spicer was in Jones County last week checking on the grasshopper situation, working with County Agricultural Agent H. C. Stailey Jr.

Early hatch is due to the warm weather for this time of the season, Spicer explains. Colder weather would retard the hoppers, but with a rain and warm weather the hoppers are sure to give farmers and ranchers trouble, Spicer declares.

Jones County has already made application to the Bureau of Entomology and Plant Quarantine for poison bait materials through the Commissioners Court, Stanley tells The Herald.

Last year 19,400 pounds of wheat bran, 3,800 pounds of sodium fluosilicate and 25 tons of cottonseed hulls were mixed and distributed by the Anson poison bait mixing station. The bran and poison were furnished by the Bureau of Entomology and Plant Quarantine. The cottonseed hulls were furnished by the county.

Poison bait formula used last year with satisfactory results, Stanley reports, was 100 pounds (one part by volume) of bran, three parts by volume of cottonseed hulls and 16 pounds of sodium fluosilicate. The dry ingredients were thoroughly mixed before adding water. Usually 20 to 30 gallons of water is enough to add to the mixture.

County Agent Stanley states that in case of a hopper infestation there will be a bait mixing station at Anson and probably one in Hamlin and Stamford.

SENIOR CLASS TO PRESENT PLAY AT SCHOOL APRIL 26

Cast of 21 members of the Hamlin High School senior class will have roles in the annual senior class play, "Days Without Daddy," scheduled for presentation Friday evening, April 26, in the high school auditorium. Starting time will be 7:45 o'clock, class officials state.

Director of the drama is Marguerite Nobles, who declares the cast is working hard to produce an outstanding production. Student director is Johnny Steele. Other students working in connection with the production are: James Brown, stage manager; Winnie Teague, property manager; F. W. Poe, sound effects producer; and Mildred Phipps, makeup artist.

Complete cast of characters follows: Mrs. David Day (Dorothy), Jessie Myers; Leota, the maid, Zona Lee Faulkner; Mrs. Bustle, cook and general housekeeper, Ida Frances Robertson; Danny Day, just turned 18, James Sedberry; Grandma Day, Dorothy's matriarchal mother-in-law, Naomi Young; Annie, Joyce Culbertson; Kate, Diane Carlton; Harriett Day, married to Dorothy's eldest son, Elaine Kite; Betty Day, twenty, Elizabeth Butcher; Mary Day, lieutenant in WAC, Margaret McBride; Lieutenant Kenny Gilbert, 27, Jack Gray; Lieutenant Dixie Roberts, from the Deep South, Arthur Tom Carlton; Lieutenant Ranney Whitmore, from Far West, Brad Rowland; Piggy, Danny's girl friend, Peggy Wainscott; David Day, Dorothy's husband, Jerry Waggoner; Macdougal, Scotch lieutenant, Elmer Terrell; Jose, a Brazilian sailor, Joe Clements; Rev. Frederick, Milton Johnson; Beth Finley, a newspaper reporter, Maudie Beene; Prof. Frank Fudd, Doyle Dean; and the plumber, Ben Wesley Niedecken.

WOMEN IN THE NEWS

Baptist Ladies' Class Hears Book Review

Ruth Sunday School Class of the First Baptist Church met in the home of Mrs. Cecil Sellers for the monthly social Tuesday evening at 7:30 o'clock. Cottage prayer service preceded a business session.

A special guest, Mrs. Clyde Angel, reviewed "The Gauntlet," which was enjoyed by attendants.

Tasty refreshments were served to Mmes. A. Spencer, teacher, J. C. Turner, Leon Thurman, Lovell Stell, Cecil Brown, Roy Lee Manard, Herman Treadwell, Lester Morton, Lesley Shelburne, John Howard Jr., Bill Shira, Clyde Angel, Cecil Sellers and E. W. Gorden.

Next meeting of the class will be in May, when the group will entertain their husbands at a picnic.

Mr. and Mrs. Wortham Crow and children had as guests Sunday Mr. and Mrs. Joe Brown and son and Mr. and Mrs. Elmo Crowder and two children of Snyder. Mrs. Brown and Mrs. Crowder are sisters of Mrs. Crow.

Clever new place sets and hand decorated place cards for the discriminating hostess at The Book Shop. 1c

Home Agent Gives Pointers on Repairs

Warm dry heat of houses during the winter often is hard on the furniture. It shrinks the wood, causing the glue to dry out, and chairs often begin coming to pieces. Hannah Nabor, county home demonstration agent, says these can be repaired at home with regular cabinet glue, and she gives several suggestions on how to do it.

Since the glue comes in flakes or cakes, it must be soaked overnight and then heated until it becomes liquid. The inner vessel of a double boiler will serve as a container for heating. For best results it should be used while comparatively thin and applied hot.

All old glue should be removed before fresh glue is applied. Larger pieces can be chipped off with a knife and the rest can be dissolved with a warm vinegar solution.

When the parts to be glued are clean and thoroughly dry, Miss Nabor suggests putting them together to test for proper fit. Best guide for this is to make sure all surfaces touch each other. After this apply the glue. When putting in a chair rung or dowel-pin it should be applied both to the end of the rug or pin and to the hole.

Final step in the repair job is to apply pressure that will make the glue stick. For a chair a tourniquet or rope or stout cord will make satisfactory pressure. Thick pads under the rope will protect the wood and finish from the rope. This should be left on until the glue is dry, usually about 24 hours.

Mother's Day and graduation cards have already arrived at The Book Shop. 1c

Hamlin Garden Club Study Flowers in News

Hamlin Garden Club met in the home of Mrs. A. Spencer Friday. The meeting was called to order with prayer. Roll call was answered with "Flowers in the News."

Mrs. J. W. Ezell was leader for the afternoon's program. She discussed "Face Lifting a Foundation Planting." Mrs. H. O. Cassle gave an interesting discussion on dahlias.

Erma Lee Lindsey and Weldon Hudson Wed

Erma Lee Lindsey, daughter of Mr. and Mrs. W. H. Carter and Weldon J. Hudson, son of Mrs. R. M. Hudson, were married March 10 at Rotan.

Bro. Thomas McDonald, minister of the Rotan Church of Christ, read the double ring ceremony.

The couple left immediately after the rites for a short wedding trip to San Antonio.

Mrs. Homer L. Massey of Washington, D. C., is visiting her father, W. L. Walton, and other relatives. Mrs. Massey is business manager at Arlington Farms, housing project for girls.

Mr. and Mrs. W. A. Dunmire of Lamesa and Mrs. Vida Smith of Aspermont were week-end guests in the Connie Drake home in the Wise Chapel community.

Have you seen the new metal baskets, hand decorated in pastel shades? At The Book Shop. 1c

Mr. and Mrs. C. C. Cohorn of Hamlin received word Wednesday that their son, Private First Class Rogie Lee Cohorn, had been shipped for overseas duty on April 5.

Mrs. Poe Elected Teacher of Class

Business Women's Sunday School Class of the First Baptist Church met April 8 in the home of Mrs. Austin Poe, with the president, Mrs. Vera Nobles, in charge.

Since Mrs. Austin Poe is moving away, the class unanimously elected Mrs. Vera Nobles as the new teacher and May Gay was elected to replace Mrs. Nobles as president.

Refreshments were served to the following: Mrs. Vera Nobles, Mrs. Lewis Yates, Mrs. Ross Fomby, Nettie Brown, May Gay, Florene Corbett and Mrs. John Walton.—Reporter.

James A. Parker and family of Oklahoma City have been visiting Mrs. W. H. Parker in Hamlin.

Week-end guest of Veliera and Ava Hudson were Billy Jo and Paul Glynn of Abilene and Judy Kyle of Anson.

NAGSTAFF ISSUES ANNOUNCEMENT IN RUN FOR CONGRESS

The Herald has been authorized to announce the candidacy of R. M. (Bob) Wagstaff of Abilene for the office of representative in Congress for the 17th District of Texas.

Wagstaff is a leading attorney of Abilene, a graduate of Hardin-Simmons University and the University of Texas Law School and a veteran of World War I. He represented his district in the 42nd and 43rd Legislatures, being the author of much important legislation.

His wife is the former Texas Orms, whose father was the late G. W. Orms, for many years district agent for A. & M. College Extension Service. The couple has two children, a girl and a boy.

Wagstaff's record in the Legislature included the authorship of the oil and gas conservation statutes, which were sponsored by the independent oil operators of this district and were passed through the Legislature over the opposition of several major oil companies. These conservation statutes have been judicially construed and upheld by all courts, including the Supreme Court of the United States.

Other laws which Wagstaff sponsored were the Water Priority Act, the law which gives cities and towns and farmers and ranchers full priority to use of the waters of the West Texas streams in preference to utilities companies and hydro-electric projects; the Confederate Pension Transfer Act of 1931, under which excess funds of the highway department were transferred to the Confederate pension fund, with provisions for later repayment, so as to make the Confederate pensions payable at a time when the pension fund was exhausted; and the first act setting aside the Big Bend Park as a state park.

Wagstaff also took a prominent part in the legislation affecting education. He supported the legislation which raised the per capita payments in 1933 from \$7.50 to \$17.50. He

Woman's Efficiency.

A Dutchman was recently expatiated on the folly of giving women the vote. He declared that in Holland there was greater efficiency among the female sex where they did not possess that doubtful privilege.

He pointed to the fact that the Dutch woman sits with one foot on the spinning wheel or churn, and with the other she rocks the cradle containing the twins. With her hands she knits socks for her husband, while on her knee rests a book from which she is improving her mind. And all the while she sits on a cheese, pressing it for market.

Government Control of Business—Opposition to further centralization of government or control over private business.

was also author of the law changing the method of leasing the public school lands for oil and gas, which act provided for the selling of oil and gas leases by competitive bids. This act has resulted in the permanent school fund receiving many millions of dollars additional as bonus for oil and gas leases.

He took a leading part in the passage of the act for the assumption of the county road bonds. He was chairman of the sub-committee of the highway and motor traffic committee which prepared the final act, which was adopted by the Legislature. As a result, the state took over the payment of the outstanding indebtedness of the counties, incurred for the building of state highways.

"High level of prices for products of farms and ranches is the most important issue affecting the prosperity of this district," says the candidate in his platform. Declaring that for 75 years all the power and influence of the national government has been used to benefit industrial and manufacturing areas of the nation at the expense of the agricultural regions, he stresses his support of fairness and justice for farmers and ranchers.

Wagstaff's platform includes the following:

- Support of the United Nations Organization to promote world peace, adequate armed forces for national defense.

A balanced budget without further delay and reduction of taxes to encourage business.

Farm Program—Payments for parity and soil conservation with substantial increase in parity formula.

Government guarantee of parity prices. Price adjustments and removal of ceilings for benefit of agriculture rather than acreage reduction and use of subsidies. Increased appropriation for farm-to-market roads.

Extension of rural electric lines. Use of surplus farm commodities in the school lunch program. Support of government agricultural agencies.

Research to discover new uses for cotton, peanuts, maize and other farm products. Search to discover new plants and crops suitable for this district.

The most important issue affecting the prosperity of this region is the maintenance of a high level of prices for the products of our farms and ranches. So long as we can maintain high agricultural prices, this district will be prosperous, and as a member of Congress I intend to cooperate and work actively with the farm bloc in Congress to accomplish this result.

Boards and Bureaus—Abolish all unnecessary boards and bureaus, and terminate war-time agencies as soon as the reconversion period is over.

Freight Rates—Equality and uniformity of freight rates throughout the nation.

Veterans' Legislation—Adequate and generous benefits to veterans of

F. W. POE RENAMED PRESIDENT OF GIN SOCIETY AT NEINDA

F. W. Poe was reelected president of the Neinda Cooperative Gin when election followed the annual meeting of stockholders of the cooperative society held Saturday morning. Other officers named were: Vernon Harris, vice president; and F. B. Rosenbaum, secretary-treasurer, reelected.

Stockholders meeting was held at an earlier session when these directors were named: Fred Rosenbaum, C. R. Tarver and Vernon Harris. Old directors are Jet Milsap and J. H. Morton. H. W. Madden was renamed manager of the gin for the third year. About 100 stockholders attended the Saturday meeting.

Reports made at the annual meeting showed that \$160,000 had been paid to stockholders since 1932 when the gin plant was paid for. On last year's business 25 cents per 100 was paid on lint and 15 cents per 100 pounds on seed as dividends to the 122 stockholders, for total payments of \$6,500. The gin processed 2,523 bales of cotton, Madden reported.

New machinery costing \$6,500 has been ordered, including a modern cleaning system, directors revealed at the meeting. The gin operates five 80-saw gin stands.

But be sure you get Buckley's CANADIOL Mixture by far the largest selling cough medicine in cold, wintry Canada. Get Buckley's CANADIOL today—You get relief instantly. Made in U. S. A. Satisfaction Guaranteed or Money Back.

Trouble Ahead for Him.

"You come into this court and state that, because you believe in signs you refuse to go home and live with your wife. A man living in this age shouldn't let superstition break up his home."

"Jedge, 'tain't superstition Ah's afraid of, but Ah do believe in signs. Fo' de la' three nights, aftuh Ah'd gone to bed, Ah could heah dat woman honin' mah razor."

Bureau Finally Clarified.

Someone had wire a government bureau asking whether hydrochloric acid could be used to clean a given type of boiler tube. The answer was "Uncertainties of reactive processes make use of hydrochloric acid undesirable where alkalinity is involved."

The inquirer wrote back, thanking the bureau for the advice, saying that he would use hydrochloric acid. The bureau wired him: "Regrettable decision involves uncertainties. Hydrochloric will produce submurate in validating reactions."

Again the man wrote thanking them for their advice, saying that he was glad to know that hydrochloric acid was all right. This time the bureau wired in plain English:

"Hydrochloric acid," said the telegram, "will leat hell out of your tube."

Light cream is heavier than heavy cream. Heavy cream floats at the top of the bottle.

An average golfer will drive the ball off the tee at a two-mile-a-minute clip.

REGIONAL FARMERS URGED TO INCREASE GRAIN PLANTINGS

Hamlin area farmers are being urged to increase their planting of grains, especially corn and sorghums, in order to help alleviate the critical feed shortage.

Prospective acreage reports indicate that Texas farmers are falling far short of reaching the acreage goals set for corn and grain sorghums, according to B. F. Vance, state Production and Marketing Administration director.

Corn planting goal for 1946 is 4,950,000 acres, while prospective acreage is only 3,921,000 acres, 79 per cent of the goal. For sorghums, the goal is 7,800,000 and the indicated acreage is 7,045,000 acres, 90 per cent of the goal.

The Texas record for wheat and oats planting is much better, Vance declared, with 5,994,000 acres of wheat planted, 115 per cent of the 5,200,000-acre goal. The oats acreage is 1,849,000, slightly more than the 1,830,000-acre goal.

With feed supplies short and with great amounts of wheat being exported to starvation areas, the demand for all grains will continue, Vance said. He called on Texas farmers to go over their plans and to increase production of grain this year if at all possible.

Mills near Austin are producing cedar oil and other chemical by-products from the common cedar.

Texas cedar blocks make beautiful inlaid floors, laid in a mosaic pattern; yellow, dark red and brown.

Revival to Close Sunday Night at Baptist Church

Near-capacity crowds have been attending evening services of the First Baptist Church at the revival meeting being led by John H. Osteen, new pastor of the church, who assumed the pastorate four weeks ago. Fairly good crowds have been going to the 2:00 o'clock afternoon prayer services, church leaders report.

With Ewell Bone of Abilene leading, outstanding musical programs are being conducted.

The revival will close Sunday evening. No Saturday afternoon service will be held, Osteen states, but an 8:00 a.m. Saturday service is slated. Special Easter services will be held Sunday.

UNDULANT FEVER MAY BE CONTROLLED BY MILK SOURCES

Undulant (Malta) fever, a disease which is transmitted to human beings by infected animals, is taking its toll in West Texas areas, stated Dr. George W. Cox, state health officer.

Individuals may acquire the disease, Dr. Cox advises Hamlin section folks: (1) As the result of direct contact with infected animals or (2) following the use of raw dairy products obtained from infected dairy cows. If the disease is due to contact with infected animals or their waste products, the germ gains entrance to the human body through the skin.

Persons who live on farms are more subject to undulant fever than those who live in cities. On farms, the disease is more apt to affect men due to the fact that men come in contact with hogs and cows to a much greater extent than do farm women. Farmers have direct contact with animals during loading and unloading for market. The handling of infected cows or sows and of the young at time of birth represent hazardous types of contact.

Danger of undulant fever may be reduced greatly by avoiding as much as possible all forms of direct contact with animals which may be infected. The wearing of heavy gloves if contact is unavoidable should aid in protecting the skin against exposure, Hamlin territory citizens are advised by Dr. Cox.

Urban residents have little or no occasion to come in direct contact with infected animals. Undulant fever acquired in city or town is due, as a rule, to the use of milk, cream and butter which lack certain safeguards. Prevention of undulant fever, whether due to contact with infected animals or to ingestion of contaminated dairy products, is dependent to a further extent upon the eradication of contagious abortion from farm animals and careful pasteurization of dairy products.

Flowers that bloom at night are white, for visibility, to attract insects to pollinate them.

Ex-Chaplain to Speak At Church Wednesday

Speaking on "Evangelism in the Church," Rev. H. J. Starnes will be in charge of a special after-revival service at the First Baptist Church Wednesday evening, beginning at 7:45 o'clock, Rev. John H. Osteen, pastor announces.

Starnes, a former Army chaplain was pastor of the First Baptist Church at Eastland before entering the service.

Starnes' message Wednesday evening will inaugurate a new plan for evangelistic messages in the local church, congregation leaders say.

The HAMLIN HERALD can fill your printing needs.

Advertisement of 1849 Reveals Accumulation By Kentucky Farmer

Ross Turner hands The Herald this clipping which turns to light a page from the past in the form of an advertisement of a public sale held in Kentucky in 1849. It is of considerable interest just what a man accumulated back in those days.

The clipping follows:

There is a wonderful glimpse of pioneer life in this sale bill of 97 years ago. The owner of the property, having sold his farm to leave for Oregon Territory by ox team, offered these personal possessions for sale March 1, 1849.

All ox teams except Buck and Ben and Tom and Jerry, two milch cows, one gray mare and colt, one pair oxen and yoke, one baby yoke, two ox carts, one iron plow with moldboard, 800 feet poplar siding, 1,000 three-foot clapboards, 1,500 10-foot fence rails, one 60-gallon soap kettle, 85 sugar troughs, 10 gallons maple syrup, two spinning wheels, 30 pounds mutton tallow, 20 pounds beef tallow, one large loom made by Jerry Wilson, 300 pales, 100 split hoops, 10 empty barrels, 23 barrels of Johnson-Miller whiskey seven years old, 20 gallons apple brandy, one 40-gallon copper still, four sides oak tanned leather, two handled hooks, three scythes, two cradles, half interest in tan yard, one 32-caliber rifle, bullet molds and powder horn,

rifle made by Ben Miller, 50 gallons soft soap, hams, bacon and lard, 40 gallons sorghum, six head fox hounds all soft-mouthed except one.

At the same time will sell my six negro slaves, two men 35 and 50 years old, two boys 12 and 18 years and two mulatto wenches 40 and 30 years old. Will sell all together to same party, as will not separate them. Terms of sale, cash in hand or note to draw four per cent interest with Bob McCamel as security. My home is two miles south of Versailles, Kentucky on McComm's ferry pike. Plenty of eat and drink.

The Scots have adopted as their national song "Let the Rest of the World Go Buy."

'Tis said that most men become rich by accident. If that's true then why all the talk about safety first?

Richard Halliburton, the famous author, crossed the Alps on an elephant.

Thomas Jefferson's library was bought to start the congressional library.

Acid Indigestion

Ferguson and Reagan Purchase Havins Station

Herald Publisher Talks At Amarillo Convention

The former Havins Service Station, operated for several weeks just north of The Herald office by Mr. and Mrs. T. A. Havins, Wednesday morning changed proprietors, when Tom (Slow) Ferguson and R. M. (Reagan) Myers took over following purchase from the Havins.

Ferguson and Myers will continue to feature Texaco products at the station. They invite their friends and old patrons of the station to visit the station for auto service.

For quick results, try the HERALD Classified Ads.

Results Count..

IN THE CATTLE BUSINESS, same as anywhere else—a ranchman may have a wonderful-looking bunch of cows and good-looking bulls. If they do not nick, the results are apparent both in the show ring and in commercial auction sales. That is, even with good pasture, chemicals, water and feed, it takes proper handling and management.

The same conditions apply to the electric business. Miles of well-constructed transmission lines, neatly-kept substations and impressive generating stations do not complete the service of an electric company to its community. It takes folks seasoned in the "know how" of their business to render proper service and steeped in the customs of this section to sell this section's advantages to the nation.

Employees of this company are proud of their West Texas ancestry, and of their part in rendering, in addition to electric service, community service worthy of this great section.

That Little Children May Live

Famine threatens the world. Together we share the responsibility of helping to feed the world's hungry popl. To this end, and to conserve wheat, our President has called upon the Baking Industry to use a darker wheat flour.

This means that our baked foods are not as light in color as formerly . . . but be assured that the baked foods you buy from us are just as good and just as good for you.

It has been—and it will continue to be—our policy and pledge to buy the best and bake the best . . . and to maintain at all times the high standards of quality, wholesome appearance and goodness that our baked foods have always possessed.

Together we will cooperate with our President . . . together we will help feed the starving nations of the world.

When you buy this locally-baked loaf you are helping to make your home town bigger and better by supporting local institutions.

Herb Howland Jr. to Make Race for Office Jones County Clerk

H. O. (Herb) Rowland Jr. announces his candidacy for county clerk of Jones County, subject to the July primaries.

He submits the following statement:

In announcing as a candidate for county clerk I fully realize the responsibility of the office. I feel that I am qualified and capable of performing the duties in a business-like manner.

I was born in Hamilton County in 1918, moving with my parents to Jones County in 1928, where I have lived since that date. After finishing high school I attended Hardin-Simmons University, Abilene, for two years. In 1938 I was employed by the West Texas Utilities Company in Stamford and was with them until the time I enlisted in the Navy.

On December 8, 1941, I volunteered for the Navy, reporting for active duty the following day. During my 50 months of service I served for 22 months aboard an aircraft carrier in the South Pacific. Following my discharge, I returned to the West Texas Utilities Company. My duties with the company and during my enlistment in the Navy were those of a storekeeper.

Having been discharged in February of this year and without private transportation, I realize it will be difficult to contact each of you, but I shall try. Meanwhile, your vote and influence will be deeply appreciated.—H. O. Rowland Jr.

And That Was the End.
Mary had a little calf,
He kicked a wicked heel;
Monday he lambasted Paw,
And Tuesday we had veal!

NEW MEMBER EACH WEEK MAINTAINED FOR HAMLIN LIONS

Average of a new member per week for several months was maintained by the Hamlin Lions Club Tuesday when Lovell Stell was initiated by Gordon Bennett in an impressive ceremony when the civic organization met at the Morgan Hotel. The new member sang his way into the hearts of his club members in a spontaneous try at vocal soloing.

Ted Russell, after advance arrangements with Acting Tail Twister Bill Eysen Jr., gave a report on a recent fishing trip to Old Mexico with Art and Stanley Carmichael. He revealed the secret of his champion catch without extra charge to the Lions. Others may secure his recipe in private conferences he inferred.

Nominating committee for new officers for the club's fiscal year reported the following nominations: Delma Shelburne, president; Art Carmichael, automatically becoming first vice president; I. R. Hutchingson, second vice president; Harold Bonner, third vice president; C. C. Bailey, secretary-treasurer; Joe Moser, tail twister; W. H. Eysen Jr., Lion tamer; one-year director, Clyde R. Angel; two-year director, Willard Jones.

Not to be outdone, the "rougher" element, through Henry Albritton, who represented the middle-of-the-Road Regulars, submitted an opposition ticket with the following names: Harold Bonner, president; Claude Chastain, vice president; Perry Sparks, second vice president; J. D. Greenway, secretary; J. D. Ferguson, tail twister; S. D. Goodyear, Lion tamer; Howard Nall, one-year director; John F. Green, two-year director; Holly Toler, song leader. Campaign slogan of the group was stated to be "A plate and a place for every member, even if we have to stay at home."

Two boys will be sponsored at the annual Boys' State at Austin in June by the Lions Club. The group voted to pay expenses of local high school boys to the supervised state government ceremonies sponsored locally by the American Legion.

Guests at Tuesday's meeting were Ewell Bone of Abilene and Bill Palm of Abilene.

Office supplies at The HERALD.

NOTICE OF CONSOLIDATION ELECTION

The State of Texas, County of Jones: To the legally qualified voters of Hamlin Independent School District and Neinda Common School District No. 27:

Take notice that elections will be held within said Hamlin Independent School District and Neinda Common School District No. 27 on the 27th day of April, 1946, at the places and on the proposition more fully set forth in the order of the County Judge of Jones County, Texas, substantially as follows:

"On this the 3rd day of April, 1946, there were presented to me a petition signed by Tate May and 32 other legally qualified voters of Hamlin Independent School District and a petition signed by C. E. Gregory and 22 other legally qualified voters of Neinda Common School District No. 27, which petitions prayed for a consolidation of said districts; and the issuance of an order of an election for that purpose.

"I find that the petition signed by Tate May and others was signed by 33 legally qualified voters of Hamlin Independent School District, and that the petition presented by C. E. Gregory and others was signed by 22 legally qualified voters of Neinda Common School District No. 27.

"I further find that Hamlin Independent School District is situated partially within Jones County and partially within Fisher County; that the principal portion of said School District and its properties are situated in Jones County; and that Jones County has jurisdiction over the principal school of Hamlin Independent School District.

"I further find that said petitions are in compliance with the law and should be granted.

"It is therefore ordered:

"1.—That an election shall be held in Hamlin Independent School District and in Neinda Common School District No. 27 on the 27th day of April, 1946, at which there shall be

Mose M. Jones Issues Formal Announcement In Race for Sheriff

Mose M. Jones this week presents the following political announcement to The Herald:

To the Voters of Jones County—

Greeting: For a long time now it has been the democratic way of life for the electorate to have the right to select by ballot the men of their choice for carrying on the local, state and national government. I am, therefore, offering my services to you for sheriff of Jones County.

I was born in Callahan County in 1902 and moved with my father to Jones County in 1906 and have been a citizen here since that time.

In offering my services to you I do so with the full knowledge that you have a right of choice, but I have only a desire to fulfill all that is asked of me should I be elected to one of the chief executive offices of your county.

I am the grandson of Uncle Mose Jones, whom most of the old-timers remember, and I have worked for wages 20 years of my life. For the past five years I have been a farmer. I am the father of four children and feel the full responsibility of good citizenship.

If you shall see fit to support me in the primary election I sincerely trust you shall never have occasion to regret it, and to the best within me that there is I shall see that the laws of Jones County are fully executed.—Mose M. Jones.

BANGS DISEASE IS TAKING BIG TOLL IN COUNTY CALF CROP

Brucellosis, commonly known as Bangs disease, is taking its share of the calf crop in Jones County this year, according to County Agricultural Agent H. C. Stanley. Bangs is a disease of the reproductive organs of cattle which causes the cow to give birth to the calf prematurely. The calf is usually born dead.

W. H. Hughes, J. V. Masters and T. A. Masters of Avoca were in the county agent's office this week, Stanley advises The Herald, telling of their losses and wanting information in regard to getting their cows tested for Bangs disease.

There are two ways of getting cows tested, Stanley says: (1) Get your local veterinarian to test for you; (2) go to the county agent's office and file application to the State Livestock Sanitation Commission for assistance in helping you to rid your herd of Bangs disease.

"Our state veterinarian or one of his assistants will test your herds within 60 to 90 days after the application is made," Stanley states. "This is a free service when done by the Livestock Sanitation Commission."

"Why take a chance with this dreaded disease, which is contagious to other cattle?" Stanley pertinently asks stock raisers of the area. "Let's have those cows tested and vaccinate those calves. If this disease is permitted to continue unmolested it will eventually ruin all of our cattle."

FUTURE OF COTTON BRIGHTENS AS NEW USES BEING SOUGHT

Future of cotton growers of the Hamlin area and other sections of the Cotton Belt still looks rosy, in spite of the invasion of markets by synthetics and other substitutes for cotton products.

Hamlin and other West Texans are interested in recent steps taken by the National Cotton Council at its annual meeting to send the cotton industry into the post-war era with an all-out offensive program to expand present cotton markets and to create new ones.

Representing all six branches of the raw cotton industry, the council's 250 delegate members drew up a completely aggressive schedule of activities for 1946. This work will cover the fields of research, production and marketing, sales promotion and foreign trade.

"The time has come when we must take the initiative," Oscar Johnson of Scott, Mississippi, council president, said. "We can no longer feel that we have accomplished our task when we merely hold what we have."

"Competition from artificial fibers, paper and foreign growths even now is reaching new heights. Cotton not only must meet and cope with this threat but it also must face the future with a concerted effort in every field which will far more than offset any challenge."

The Cotton Belt's 1,500,000 cotton farmers are the keystone in the hard-hitting drive to smash the market threats of cotton's competitors. Producers participating in the program contribute 10 cents on each bale of cotton ginned from their farms, as did many producers in the Hamlin area last season.

In regard to post-war production activities, council delegates recommended that all agricultural experiment stations in the Cotton Belt carry on experimental and demonstration work in mechanized farming.

Also endorsed was a far-reaching educational program on better cotton farming methods. Particular emphasis was placed on council cooperation with the Department of Agriculture and the state extension services in the new seven-step cotton program.

Raw cotton price ceilings were opposed with grim determination. Delegates urged that the council take "appropriate action" against any and all moves to establish ceilings.

Good Interest Shown in Nazarene Church Meet

Church of the Nazarene officials tell The Herald that good interest is being manifested in the series of pre-Easter revival services being conducted each evening at 7:45 o'clock, in which Pastor J. H. Crawford is doing the preaching. Martin Westbrook is leading the singing.

The series of revival services is scheduled to be closed Sunday evening, Crawford states. Citizens of the area are urged to attend the remaining services of the meeting.

Mattie S. Colliorn returned to her home at Amarillo Tuesday after a 10-day visit with her mother, Mrs. Don Stephens, and friends. Other guests in Mrs. Stephens' home over the week-end, and attending the rodeo, were J. H. Gruber of Rotan, Mrs. Karl Bonneux of Trent, Mr. and Mrs. Jim Stephens of Brownfield, Jasper W. Stephens and son, Roy, of near Roby.

Wondrous is the strength of cheerfulness, altogether past calculation its powers of endurance.—Carlyle.

WOMEN OF COUNTY TO BUY PINEAPPLES AGAIN AS GROUP

Marketing committee of the Jones County Home Demonstration Council is making tentative plans for ordering pineapples cooperatively again this year, according to advice to The Herald from Hannah Nabors, county home demonstration agent.

It has been decided to handle the orders by groups only, and the committee would like for each community to select a person to serve as a marketing chairman and handle all the orders from his or her community. No orders with less than six families can be considered, Miss Nabors explains. Fractions of dozens will not be taken. When the pineapples are distributed they will be checked out in the full amount to the marketing chairman, who in turn will check them out to all on his or her list. Distribution to local families may be made either at the place where the pineapples are checked out or taken back to the home communities by the marketing chairmen and distributed there.

Pineapples are expected to be ready for shipment between May 10 and July 1. Price will be about \$4.50 per dozen for 60-pound dozen. This price, Miss Nabors explains, is subject to change. Last year only \$4 per dozen was charged, but this was on the basis of a 48-pound dozen. In these pooled orders the price of the product includes only the cost of the pineapples and the expense of handling. There will be no profit to any individual or organization, and voluntary leaders are expected to give their time and energy to help their neighbors get a scarce item at a reasonable price.

Temporary list of people who want to order pineapples and the number

Representative of Social Security Board Coming

A representative of the Abilene Social Security board field office will be at the Hamlin post office at 4:30 p. m. on Wednesday, April 24, for the purpose of assisting with retirement and death claims under the old age and survivors' insurance provisions of the Social Security Act.

He will also be glad to answer questions about social security numbers or federal security accounts.

Tough Luck All Around.

"Jack had tough luck in court this morning."

"How's that?"
"He was arrested for kissing a woman. The judge took a look at her and fined him \$10 for being drunk."

of dozen wanted will be made by the group leaders. No money is to be collected now. Everyone should understand that the first list does not complete his order, but the order is taken when money is collected at a later date. About a five-day notice will be given for collecting money, and the tentative list made now will help group leaders know whom to contact when notified later.

If further information is desired, please write or contact Mrs. H. F. Brigham, County Home Demonstration Marketing Chairman, Route 3 Stamford, Texas, or the Home Demonstration Office in Anson.

SPRING FOOTBALL TRAINING SHOWING UP GOOD MATERIAL

A promising array of football talent is showing up this week at the Pied Piper field that bids fair to shape into a formidable team that will give area competition a run for their money this fall when matched play starts. So reports Coach L. B. Howard of the Hamlin High School charges when spring football practice was started last week.

Eight regular lettermen and four reserves from last year's edition of Pied Pipers will make a splendid nucleus for the 1946 football team, coaches Howard and Melvin Carlton declare. Eighteen other recruits had reported by Monday for scrimmage and skull sessions.

Work-outs are being held all five school days of the week, Howard says. The public is invited to come out and watch the pre-season grid practice, which is conducted from 2:30 to 4:30 o'clock each afternoon, the coaches state.

Reporting for the spring try-outs so far are:

Brad Rowland Jr., three-year letterman and all-district back from the 1945 team; Joe Weir, two-year end letterman; Bobby Crowley, two-year tackle letterman, who made the all-district second team last season; Norris Blanton, three-year guard letterman; Doyle Dean, two-year back letterman; J. Sedberry, two-year guard letterman; Billy Owen, one-year back letterman; W. C. Moore, one-year center letterman;

Bobby Riley, tackle reserve; Stanley Butler, reserve back; Seth Adams, guard reserve; and Benny Houghton, guard reserve.

Other candidates reporting so far are: Billy Franks, end; Thomas Marr, end; Ray McCurly, tackle; Bobby Goodgame, tackle; Bob Miles, center; LaWayne Long, back; Bob Smedley, guard; George Bingham back; Callens George, back; Junior Fletcher, tackle; Gene Westmoreland, back; Weldon Townsend, guard; Clifton Townsend, back; Joe Ford, Donald Young, Carroll Phipps, Earl Putman and Nathan Stephens.

Mart Farrow Selected Member of J-Tac Team

Mart O. Farrow, son of Mrs. Mary Farrow of Hamlin, has been selected as a member of the John Tarleton College R. O. T. C. crack drill company. This announcement was made this week by Captain Jack D. McCullough, professor of military science and tactics at the Stephenville institution after extensive try-outs. The best drilled men of the entire corps were selected.

Mart and the other members of the drill team will participate in the Battle of Flowers in San Antonio this month. This organization will also participate in the ex-student reunion and memorial service to be held on the Tarleton campus May 4 and 5.

Mart is majoring in engineering at Tarleton.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

SHALL HAMILIN CONTINUE IN THE MUD?

The Herald is a persistent old cuss. Because of years of living in a nearby small town that has one of the finest systems of paved streets, the publisher cannot fail to impress upon Hamlin citizens the importance of paving our streets in Hamlin.

The Herald believes now is the time to start the paving project. There is little shortage of paving materials at the present time. Paving contractors are available now. Hamlin citizens have money now with which to cooperate with the city in a paving program. They are anxious to improve their property.

We daresay the housewives of the city do not comprehend the difference in housekeeping with paved streets in the town. Dust is a huge problem that would be greatly minimized with paving. When rains come—and they will again, we are sure—mud presents another annoyance for the housewives. But one of the main reasons for paving in Hamlin's residential sections is the solving of the water drainage problem and doing away with all those dangerous, unsightly culverts and cross-overs at street intersections. To be sure, the appearance of the town to ourselves and our visitors is reason enough for paving.

Cost of paving, we believe, would be little greater than the upkeep of the present streets over a period of 10 years. Maintenance of good paving is nominal.

The challenge is made to the new City Council to give the paving project for Hamlin serious consideration.

HAMILIN RODEO BEGINS AGAIN FROM HERE

The going has been rough for several years for the Hamlin Rodeo, just as the sledding has been slow for many new businesses and enterprises. But the preliminary experiences are in the past now, and a permanent, well organized rodeo looms for the Hamlin territory brightly for the future.

Cooperation accorded the institution by many business men and other citizens of the area has in the past been passive. The hearty teamwork that has been evinced this year proves that practically all business men are solidly behind the movement. They have realized that a good rodeo is one of the best forms of community advertising that can be utilized. One has only to look at the Stamford Cowboy Reunion to realize that this one event has done more to advertise and popularize the West Texas city than anything that ever happens in the neighboring town.

With the recent formation of a solid business and management organization is the basis for a great annual performance that will promote goodwill for the Hamlin area. Adequate financial structures will keep the institution "off the rocks." Memberships in the Hamlin Rodeo Association are still available to those who want to have a part in this town booster.

Within a short time a permanent show grounds will be equipped north of the Katy Railroad tracks in North Hamlin. Equipment now at the ball park will be moved to the new site, where more modern and ample facilities will be installed. The Hamlin Rodeo begins again from here!

WHO WON THE AUTOMOBILE STRIKE?

Who won the General Motors strike?

Labor leaders claim a victory, having won an 18½-cents-per-hour raise for their members. But statisticians figure that it will take the average GM worker over five years, with his extra pay, to replace the money lost during four months of striking.

General Motors stockholders probably feel that they won a victory to the extent that the settlement was made at a cost of approximately one-half of the union's original demand. But unless prices of cars are increased to take care of increased labor costs, the stockholders are due for a major reduction in profits.

Prices will be increased—but the bulge in the inflation line will not be nearly as great as it would have been if General Motors had settled the strike months ago by giving in to labor's demands.

VICTORY GARDENS STILL ARE VITAL

During the war a lot of Hamlin area folks who never went in for gardening before discovered that it was an interesting and profitable pastime.

But as far as the food supply is concerned, the war has not ended yet. In fact, because of the necessity of feeding hungry war victims throughout the world, our domestic food supply is apt to be less this year.

Thus the need for Victory Gardens is perhaps greater than ever before. We can assume that there will be more such gardens than before the war because of the large number of families who have learned to like gardening and are looking forward to having another garden this year.

When making that decision of whether or not to have a garden each American family should consider that it may mean the difference between life and death to a family in war-torn Europe.

WHAT CONTEMPORARIES ARE SAYING

BATTLEFIELD IS SAFER THAN HIGHWAY

The Liberty County youth who left home to go on the battlefield for his country was often in less danger than the carefree loved ones who did nothing more dangerous than ride this nation's death-dealing highways.

A news story in this issue of The Vindicator reveals that four persons were killed in highway accidents in Liberty County in the first three months of 1946. No accurate check can be made of the broken limbs, the ugly scars, the upset nervous systems, the vast financial loss. But even a blind man can see that highways are rapidly becoming more destructive than any other development in American life.

Of course, the highways in themselves are not dangerous; nor automobiles, nor trucks, nor trailers, nor motorcycles, nor bicycles. Drunken driving, careless driving, road-hog driving, uneducated driving—these are the hazards.

The communities that have organized themselves for definite, con-

NATIVE OF CHINA SPEAKS AT CHURCH ON WAR HORRORS

Experiences in China during the war period were reviewed by a native of that country at the all-church night program at the Hamlin Methodist Church Monday evening. Alice Choy, now a student at Hardin-Simmons University, Abilene, was the speaker.

After introduction by Mrs. Joe McCrary, the Hong-Kong girl told of the gruesome ravages by the Japanese during the war, when the people of her country suffered terribly at the hands of the Nipponese aggressor. All the accompaniments of war, including disease, hunger and lack of sanitation, were pointed to by the Chinese girl as almost unbearable ordeals for members of her race.

Appearance of Miss Choy followed a covered dish supper served in the basement of the church, which was attended by about 200 members of the congregation and friends.

Also on the program of entertainment for the church night affair was the girls' sextet from McMurry College, Abilene, composed of Frances Gardner, Mary Louise McCleskey and Hortense Phenix of Hamlin, Helen Holt, Nancy Harris and Carol Byrly. Accompanist and director of the group was Louise Spiegelmire.

PIED PIPERS FACE TOUGH SCHEDULE OF FOOTBALL TIOTS

Five home games and five tilts away from home will present some of the toughest competition in the history of football at Hamlin High School when the 1946 Pied Pipers begin actual play this fall.

This was the word from Coach L. B. Howard and Assistant Coach Melvin Carlton, when the schedule of games was announced this week. One open date remains on a slated 11-game series of competition.

First game will be with the tough Roscoe Plowboys at that Nolan County school on September 13. Final engagement is November 22 with the Merkel Badgers.

Complete schedule of games for the 1946 football season for the Pied Pipers follows:

September 13—Roscoe at Roscoe.
September 20—Rotan at Hamlin.
September 27—Haskell at Hamlin.
October 4—Spur at Spur.
October 11—Throckmorton at Hamlin.

October 18—Stamford at Stamford.
October 25—Open.

November 1—Munday at Munday.
November 8—Albany at Hamlin.
November 15—Anson at Hamlin.
November 22—Merkel at Merkel.

Spending the weekend with Mr. and Mrs. Earl Brown at Wise Chapel were Mr. and Mrs. Ramon Elkins and children, Ramona and Deby, of Dallas, W. S. King of Driscoll and Mr. and Mrs. Robert King and daughter, Eileen, of Girard.

A number of boys and girls of the Baptist Church attended a meeting of Royal Ambassadors and Girls' Auxiliary members at Rotan Friday evening.

Conway Moffett returned Monday

from Monroe, Louisiana, but Mrs. Moffett remained at the bedside of her mother, who is still critically ill.

Lorena Gray of Monahans visited in the home of her parents, Mr. and Mrs. Edgar Smith, Saturday.

Visitors in the H. B. Ward home this week have been their daughter and son-in-law, Mr. and Mrs. Joseph E. Thompson of Oklahoma.

Scott Swindall is on the sick list this week.

Mr. and Mrs. Curtis Sharp were visiting relatives at Sylvester Sunday.

Mrs. Maggie Wilder was in Rotan Thursday.

Bill Combest and grandmother, Mrs. Martha Scallorn, are visiting relatives at San Antonio.

Joe Breed of Houston Replaces B. L. Jones As NFLA Secretary

Joe Breed of the Federal Land Bank of Houston succeeds B. L. Jones as secretary-treasurer of the Jones County National Farm Loan Association, and will arrive in Anson Thursday to take over his new duties.

A former West Texan, having lived at Floydada, where he worked for a commercial bank and also served as secretary-treasurer of the Floydada NFLA, Breed has been with the Federal Land Bank of Houston the past 12 years.

Breed is a graduate of Hardin-Simmons University, Abilene, and married the former Ruth Rosser of Abilene. They have a daughter, Nancy, seven years old; and a son, Joe Rosser, two years old. Mrs. Rosser and the children will move to Anson about June 1.

Directors of the Jones County

NFLA are D. W. Crumpler of Anson, president; J. L. Culbertson of Hamlin, vice president; L. H. McBride of Hamlin, R. B. Buie of Stamford and C. F. Upshaw of Stamford.

Mrs. J. E. Griffin, son, Jack, wife and baby of Ockerly and daughter and husband of Big Spring were weekend guests of Mrs. A. G. Hudson and family.

FOUR HAMLIN BOYS WILL GET ROLES IN BOYS' STATE WEEK

Four Hamlin High School boys will be provided expenses-paid trips to Austin to participate in annual ceremonies at the capitol the week of June 9 to 16, when supervised administration of state affairs will be placed in the hands of Texas boys for a week. This was announcement made Wednesday by Joe Culbertson, commander of the Keefer-Patterson Post of the American Legion, sponsors of the movement for Hamlin.

Selection of the boys from Hamlin High School will be made by school officials within the next several days. Superintendent of Schools I. R. Huchington stated this week.

Boys' State is an annual affair conducted in cooperation with state

of Texas officials to familiarize the boys of the Lone Star State with operation of state affairs. All state officials will be elected from the group of several hundred boys sent to participate in the one-week supervised government demonstration.

Hamlin boys will be sent to Austin with expenses paid by the Hamlin American Legion post, the Rotary Club and the Lions Club, the latter group paying for two boys' expenses.

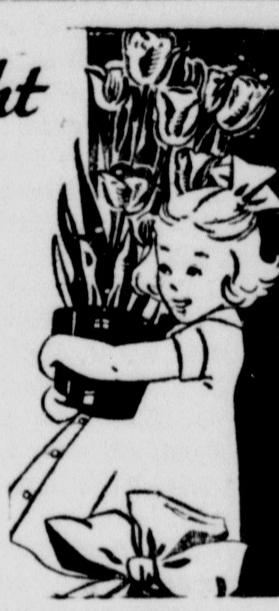

Spending the past week end with their parents, Mr. and Mrs. W. E. Newsom, and attending the Hamlin Rodeo were Mr. and Mrs. Charles Connally and little daughter, Barbara Ann, of Sweetwater.

POT-SHOTS FROM McCAULLEY

BY GEO DARDEN

Mr. and Mrs. Howard Darden and family visited in the George Darden home last Saturday and attended the Hamlin Rodeo Saturday night. Their home is at Abilene.

McCauley citizens were well represented at the two-day rodeo in Hamlin last week-end. All the folks are still talking about the buckskin cutting horse from Snyder. And, come to think of it, folks, that cutting horse owned and ridden by Jessie Myers was tops, too. In fact, we saw plenty of A-1 cutting horses at the show.

McCauley High School senior play presented last Thursday night was a great success and a packed house was on hand to see a good play and well acted.

Mrs. Linnis Allison, the former Clara Jo Lawlis, is now employed at the McCauley Cafe. Her husband is overseas.

Sometimes we get all excited about the oil wells in and around McCauley and suddenly the excitement dies down, but some of these days we expect to be in the center of one of the great oil fields of Texas.

Since it's too dry to do much farming the farmers have turned to fishing—and they are catching some nice ones, too.

Mr. and Mrs. Turner Beard of Clyde visited in the home of her mother, Mrs. W. M. Keller, and sister, Mrs. L. E. Rector, last week-end.

Mrs. Sybil Stevenson of Scoggins Beauty School, Abilene, visited relatives and friends at McCauley over the week-end.

Mr. and Mrs. S. E. Miers and the George Darden family attended the Fisher County Singing Convention at Rotan last Sunday.

Bryan Bradbury has announced for Congress. That makes six in the 17th District race to date. Bradbury proved to be a fast horse in former years. And he has some fast competition.

We saw our good friend, D. L. Smith, at the singing convention at

MEGARGEL MAN TO TALK IN REVIVAL AT ASSEMBLY OF GOD

Rev. LeRoy Helms of Megargel will do the preaching in a series of revival services beginning Sunday morning at the Assembly of God Church in Hamlin, according to Rev. Paul Joyner, pastor.

Preaching service will be at 11:00 o'clock Sunday morning. Evening services Sunday and throughout the revival will begin at 7:45 o'clock.

Local singers will be in charge of the music during the meeting, which is scheduled to continue probably two weeks. Congregational singing will feature the services, the pastor de-clares.

Rev. Helms is one of the outstanding ministers of the Assembly of God Church in this area, denominational leaders state.

Pastor Joyner invites all people of the Hamlin community to attend the services.

bed sheets, underwear, etc. Our shortage is due to the fact that the mills are shipping to Mexico, Canada and other foreign countries and getting a price much more attractive than OPA allows in this country. Our government should ban all shipments of vital necessities to other countries until our own citizens are supplied. Don't kid the public, Wash-

Well, folks, it looks as if the Hamlin Rodeo was a success; that is, we know for sure there were plenty of people out to see the events. It seems to us that Hamlin could pull a rodeo every year that would equal the big show at Stamford. It takes boosters and cooperation to put anything over in a big way. Personally, we think Hamlin's show this year Twenty-two Cubs were present.

You can't ever tell, McCauley may pull a picnic and a two-day race meet. Remember back in 1936 when our three-day show went over with a bang? We can do it again with your help. Say something, neighbor!

Mrs. Martin Decker underwent major surgery in a Rotan hospital last week.

Wiley Martin of Fort Worth is visiting his parents, Mr. and Mrs. George Martin, at McCauley.

Mr. and Mrs. Marty Block returned to their home at Chicago last week after a two-week visit with her mother, Mrs. Flora Mason, and family.

Engineers for the Hamlin-McCauley road were in town last week trying to locate an office. They also want room and board for some employees and apartments. What have you?

Romo Brown left last week for a veteran's hospital at Amarillo for treatment.

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, APRIL 19, 1946

NUMBER 24

Crews Move In For Work On Highway

CONTRACT CALLS FOR ACTUAL WORK TO BEGIN ON ROAD BY LAST OF WEEK

Representatives of the contractor on the Hamlin-McCauley highway project were making arrangements to move in to Hamlin this week in preparation for start of actual construction on the vital highway to the southwest. Original starting date for the project was stipulated in the contract as April 20.

H. G. Grimmert, superintendent of the job, was experiencing difficulty this week in finding living quarters for his crew, which will probably include about 30 men. They will be in Hamlin for probably four to five months.

Hugh McMillan is contractor on the three-pronged project that embraces 2,037 miles on farm highway No. 609 from Longworth to State Highway No. 70 (Roby to Sweetwater route); 7,980 miles from the Jones-Fisher County line just southwest of Hamlin, through McCaulley to intersection with U. S. Highway No. 180 (Anson to Roby route); and 1.8 mile spur from Highway No. 57 (Hamlin to McCaulley route) to the Celotex Gyp Mill.

The stretch from U. S. Highway 180 through Sylvester to Longworth will be improved under a highway maintenance plan, according to district State Highway Department officials at Abilene.

McMillan's contract includes grading and drainage structures, caliche base and asphalt topping.

Local men reported this week that property owners along the Hamlin-McCaulley route had moved most of the fences back from the right-of-way to make a 90-foot swath.

NO SPECIAL WATER VOTED BY COUNCIL FOR HAMLIN USERS

No special summer water rates will be put into effect in Hamlin at this time, it was decided by the City Council in its regular monthly meeting Tuesday evening in the city hall. Due to the present situation in the water supply for Hamlin, the city dads felt such special rates would not be wise.

Special rates have been in effect for Hamlin city water users in the past to permit watering of gardens, lawns and trees.

New members of the City Council were installed at the Tuesday session, and the new council will be in full charge of proceedings at the next regular meeting in May. Holly Toler took the oath of office as incoming mayor, and L. H. McBride, Max Brundage and Gordon Bennett assumed office as aldermen.

An ordinance was passed by the City Council making it unlawful to put a covered culvert for a private driveway across any bar ditch within the City of Hamlin. Such driveways must be constructed as dips, it was ordained, and the dips must be approved by the street superintendent.

TAKES NEW CHURCH

Mardell Lynch, above, who for three and one-half years has been minister of the Hamlin Church of Christ, will go to Colorado City May 1 to become minister of the Mitchell County capital's Church of Christ. Active in civic as well as church affairs, Lynch is popular among people of the Hamlin area.

MARDELL LYNCH TO COLORADO CITY AS MINISTER MAY 1

Mardell Lynch will become minister of the Colorado City Church of Christ May 1, it became known several days ago when the preacher accepted the call to the Mitchell County pastorate. Lynch has been minister of the Hamlin Church of Christ since January, 1943.

Lynch, who has led his congregation ably during the past two and one-half years, is one of the church's prominent ministers of this area. An active member of the Lions Club in Hamlin, Lynch also has been a worker in Chamber of Commerce, Boy Scout and other civic affairs in the community. An able speaker, he has appeared on many programs in the area as a banquet and school commencement speaker.

Lynch and his family, wife and two sons, will move to the new pastorate within the next 10 days to take over their new work.

Bro. Lynch was scheduled to return this week from Oregon, where he did the preaching in a 15-day revival meeting at McManville.

MORE AREA SCHOOL DISTRICTS DISCUSS MERGER PROPOSAL

Preliminary discussions for probable calling of an election to consolidate the Swedonia School District with the Hamlin district were conducted at a called meeting of the Hamlin Board of Education Monday evening. At the conclusion of the conference the Swedonia trustees invited the Hamlin trustees to meet with patrons of the Swedonia district at the Swedonia school Monday evening for the purpose of further discussing the future relations between the two districts.

Other school districts in the area have previously made consolidation moves. Neinda district has called an election for April 27 to vote on the Neinda-Hamlin consolidation measure. Celotex and Carlton districts have asked for petitions to call for such elections.

Some pupils from all four of these districts, as well as from seven other districts in the section, are already attending Hamlin Schools under various tuition and transfer arrangements.

Recent trustee election returns in the Hamlin Independent School District were canvassed at the Monday meeting of the board. LaFoy Patterson was sworn in to fill the expiring term of L. H. McBride, who chose not to have his name filed for reelection.

Due to the building program started under the tenure of the present officials of the board, the group voted no changes in the organization. Holly Toler is president and A. Spencer is secretary of the board.

New Oil Test By Snowden Going Down

ROTARY RIG GETS BUSY AFTER BIG SERVICE CASING SET IN HOLE ON YOUNG TRACT

Rotary rig on the newest oil test in the Neinda area southwest of Hamlin was scheduled to really get down to business this weekend on the first of two new wells slated to be drilled by the Snowden interests of Dallas on their holdings of about 2,000 acres in the Neinda area.

Well started last week by Snowden is located on the Mrs. L. F. Young tract two miles south of Neinda in Subdivision 2 of the Goliad County School Lands Survey. Contracted for a 2,900-foot well, the operators will go to the Flippin lime at that level if production is not encountered at a higher level. Service casing was set at 60 feet Tuesday morning in the hole.

Second well will be drilled immediately upon completion of the Young well. It will be on the R. R. Carroll tract.

The Carroll test will be located one-fourth mile south of the original Neinda well drilled by the Buttram interests several months ago.

No new developments are reported by the Iron Mountain Oil Company of Oklahoma City, which has been trying to get started for several weeks on a wildcat test nine miles northeast of Hamlin. Harold G. Neeley, one of the owners, states that the test will be spudded just as soon as casing arrives and a rig can be moved from another test in the Hamlin area. Iron Mountain holds a block of 19,500 acres in the northeastern tract.

Neeley interests are at work on a well in the Carlton community, south of Hamlin.

Oil leasing operations continue at a lively clip in the Hamlin area, and most acreage is bringing good prices, Hamlin operators report.

APRIL 27 OUTDOOR PARTY FOR HAMLIN VFW UNIT SHAPING

Plans are shaping for entertaining a large group of members and prospects of the Hamlin post of the Veterans of Foreign Wars, when an outdoor party will be staged at Hamlin Lake the evening of April 27. Committees are working on details for the gathering, a program and other features.

This was reported coming to The Herald from the regular Tuesday evening session of the Hamlin post in the city hall.

Several ex-service men indicated at the meeting that they would attend the VFW convention slated at Big Spring May 4 and 5. A large delegation is expected to go from this area, officials state.

Efforts are still being made to increase the membership of the post before the May 9 deadline set for closing of the charter. All veterans joining before that date will be considered charter members and their names will be enrolled on the Hamlin post charter.

Good Friday Services Slated by Methodists

Good Friday, April 19, is being observed at the First Methodist Church in services at 12:30 to 1:30 and 3:30 to 4:30 p.m., congregation officials state. The public is invited to go to the church—if only for a few minutes—for prayer and communion, Pastor E. L. Yeats states.

Mrs. Joe McCrary and Mrs. Brad Rowland will have charge of the music for the first hour, and Dora Joyce Culbertson, Anna Margaret McBride and Diane Carlton for the second hour period.

These services are being sponsored by the Comrades Sunday School Class of the Methodist Church.

LEADERS IN PUBLICATION OF PIED PIPER

To these Hamlin High School seniors most of the responsibility for the 1946 edition of The Pied Pieper, school annual, has fallen. Work on the yearbook was completed last week, and copy and other materials went

to the publishers Friday. The annual, to be done by offset printing, is scheduled to be off the press the middle of May, according to Jerry Waggoner, left, editor, and Margaret McBride, business manager.

RODEO DRAWS HUGE CROWD TO HAMLIN AS COMPETITION IN EVENTS IS SPIRITED

Hamlin Rodeo last Friday and Saturday attracted one of the largest crowds to the city seen here in many moons, old-timers declared at the close of one of the outstanding boots and saddle performances of the area. The show was a financial success, too, state officials of the Hamlin Rodeo Association, sponsoring organization.

Entries in all events at the four shows made competition lively, and the customers did not want for first class rodeo entertainment.

Of course, the community sponsor event was one of the features of this rodeo this year. Hamlin's own Jessie Myer's topped first place money in the sponsor contests. Other placings

went to Jackie Worthington of Jacksboro and Thena Mae Farr.

New event this year at the rodeo that provided plenty of fun and thrills for participants and onlookers alike was the boys' calf scramble for boys under 16 years of age.

About 100 boys took part in the free-for-all calf catching contests.

The shows went off nicely under the direction of Luther T. Marr arena director. Danny Daniels of Borger turned in a good job of announcing over the Army-furnished public address system.

Lewis Blair and his donkey, Gunpowder, provided antics and fun for the four shows.

Winners in the events, with time for first place winners, follow:

Friday Shows.

Calf Roping—Byrel Hittson of Breckenridge, first, with time of 17 seconds; Hershel Romine, second; Kent Morgan and Elmer Carter of Wichita Falls split for third and fourth; Erby Clemons, fifth.

Bronc Riding—Bill Weeks and Morris Cooper of Midland split first and second; R. J. Anderson of Jacksboro, third; Neal Collier of Wichita Falls, fourth; and Bill Marlow of Wichita Falls, fifth.

Cow Milking—Donald Rutledge of Abilene, with time of 15.5 seconds, first; Burch Wilfong of Haskell, second; Gene Overcash of Woodson, third; and Johnny McCrary of Stamford and Johnny Parrett of Throckmorton split for fourth and fifth.

Bull Riding—R. J. Anderson of Jacksboro, first; Bill Weeks and Neal

Falls, fifth.

Brone Riding—Bill Weeks and Morris Cooper of Midland split first and second; R. J. Anderson of Jacksboro, third; Neal Collier of Wichita Falls, fourth; and Bill Marlow of Wichita Falls, fifth.

Front Windows Being Installed at S & W Store

Workmen were slated to complete the front of the S. & W. Variety Store just south of the Hamlin Home & Auto Supply this week. Large plate glass windows are being placed in the building, which is being doubled in size and completely remodeled. T. E. Shelburne & Son are contractors on the job.

It is desired that a meeting of all veterans interested in this school be held in the near future to further explain the operation of the school and to obtain a survey of those who are interested and the course of study they desire to take. Time and place of this meeting will be announced through The Herald at a later date.

R. E. Carothers, a recently discharged veteran, has been appointed coordinator of the school to assist the Jones County Board of Education in taking the necessary steps toward securing approval from the State Board of Education. Carothers will work in cooperation with the civic organizations of Jones County in promoting the school and selecting a course of study in the school.

Cast of characters for the production, as announced by community leaders, will be: Mrs. Walter Fletcher, Mr. and Mrs. Larry Holmes, Mr. and Mrs. E. A. Hewett, Mrs. Hose Jones, Mrs. Johnny Agnew, J. C. Riddle, J. L. Wilson and Roy Watts.

Courses of study will be offered in agriculture, trades and industries, and distributive education.

A small admission will be charged at the door.

Tests Reveal Early Hatch By Hoppers

WARM WEATHER ASSISTING IN PROPAGATION OF PESTS—PRECAUTIONS TAKEN

Young grasshoppers are hatching in pastures and some of the wheat fields in Jones County, according to a report made this week by W. J. Spicer, entomologist with the United States Department of Agriculture, Bureau of Entomology. Spicer was in Jones County last week checking on the grasshopper situation, working with County Agricultural Agent H. C. Stauble Jr.

Early hatch is due to the warm weather for this time of the season, Spicer explains. Colder weather would retard the hoppers, but with a rain and warm weather the hoppers are sure to give farmers and ranchers trouble, Spicer declares.

Jones County has already made application to the Bureau of Entomology and Plant Quarantine for poison bait materials through the Commissioners Court, Stanley tells The Herald.

Last year 19,400 pounds of wheat bran, 3,800 pounds of sodium fluorosilicate and 25 tons of cottonseed hulls were mixed and distributed by the Anson poison bait mixing station. The bran and poison were furnished by the Bureau of Entomology and Plant Quarantine. The cottonseed hulls were furnished by the county.

Poison bait formula used last year with satisfactory results, Stanley reports, was 100 pounds (one part by volume) of bran, three parts by volume of cottonseed hulls and 16 pounds of sodium fluorosilicate. The dry ingredients were thoroughly mixed before adding water. Usually 20 to 30 gallons of water is enough to add to the mixture.

County Agent Stanley states that in case of a hopper infestation there will be a bait mixing station at Anson and probably one in Hamlin and Stamford.

SENIOR CLASS TO PRESENT PLAY AT SCHOOL APRIL 26

Cast of 21 members of the Hamlin High School senior class will have roles in the annual senior class play, "Days Without Daddy," scheduled for presentation Friday evening, April 26, in the high school auditorium. Starting time will be 7:45 o'clock, class officials state.

Director of the drama is Marguerite Nobles, who declares the cast is working hard to produce an outstanding production. Student director is Johnny Steele. Other students working in connection with the production are: James Brown, stage manager; Winnie Teague, property manager; F. W. Poe, sound effects producer; and Mildred Phipps, makeup artist.

Complete cast of characters follows: Mrs. David Day (Dorothy), Jessie Myers; Leota, the maid, Zona Lee Faulkenberry; Mrs. Bustle, cook and general housekeeper, Ida Frances Robertson; Danny Day, just turned 18, James Sedberry; Grandma Day, Dorothy's matriarchal mother-in-law, Naomi Young; Annie, Joyce Culbertson; Kate, Diane Carlton; Harriett Day, married to Dorothy's eldest son, Elaine Kite; Betty Day, twenty, Elizabeth Butcher; Mary Day, lieutenant in WAC, Margaret McBride; Lieutenant Kenny Gilbert, 27, Jack Gray; Lieutenant Dixie Roberts, from the Deep South, Arthur Tom Carlton; Lieutenant Ranney Whitmore, from Far West, Brad Rowland; Piggy, Danny's girl friend, Peggy Wainscott; David Day, Dorothy's husband, Jerry Waggoner; Macdougall, a Scotch lieutenant, Elmer Terrell; Jose, a Brazilian sailor, Joe Clements; Rev. Frederick, Milton Johnson; Beth Finley, a newspaper reporter, Maudie Beene; Prof. Frank Fudd, Doyle Dean; and the plumber, Ben Wesley Niedecker.

WOMEN IN THE NEWS

Baptist Ladies' Class Hears Book Review

Ruth Sunday School Class of the First Baptist Church met in the home of Mrs. Cecil Sellers for the monthly social Tuesday evening at 7:30 o'clock. Cottage prayer service preceded a business session.

A special guest, Mrs. Clyde Angel, reviewed "The Gauntlet," which was enjoyed by attendants.

Tasty refreshments were served to Mmes. A. Spencer, teacher, J. C. Turner, Leon Thurman, Lovell Stell, Cecil Brown, Roy Lee Manard, Herman Treadwell, Lester Morton, Lesley Shelburne, John Howard Jr., Bill Shira, Clyde Angel, Cecil Sellers and E. W. Gorden.

Next meeting of the class will be in May, when the group will entertain their husbands at a picnic.

Mr. and Mrs. Wortham Crow and children had as guests Sunday Mr. and Mrs. Joe Brown and son and Mr. and Mrs. Elmo Crowder and two children of Snyder. Mrs. Brown and Mrs. Crowder are sisters of Mrs. Crow.

Clever new place sets and hand decorated place cards for the discriminating hostess at The Book Shop.

Home Agent Gives Pointers on Repairs

Warm dry heat of houses during the winter often is hard on the furniture. It shrinks the wood, causing the glue to dry out, and chairs often begin coming to pieces. Hannah Nabor, county home demonstration agent, says these can be repaired at home with regular cabinet glue, and she gives several suggestions on how to do it.

Since the glue comes in flakes or cakes, it must be soaked overnight and then heated until it becomes liquid. The inner vessel of a double boiler will serve as a container for heating. For best results it should be used while comparatively thin and applied hot.

All old glue should be removed before fresh glue is applied. Larger pieces can be chipped off with a knife and the rest can be dissolved with a warm vinegar solution.

When the parts to be glued are clean and thoroughly dry, Miss Nabor suggests putting them together to test for proper fit. Best guide for this is to make sure all surfaces touch each other. After this apply the glue. When putting in a chair rung or dowel-pin it should be applied both to the end of the rug or pin and to the hole.

Final step in the repair job is to apply pressure that will make the glue stick. For a chair a tourniquet or rope or stout cord will make satisfactory pressure. Thick pads under the rope will protect the wood and finish from the rope. This should be left on until the glue is dry, usually about 24 hours.

Mother's Day and graduation cards have already arrived at The Book Shop.

Hamlin Garden Club Study Flowers in News

Hamlin Garden Club met in the home of Mrs. A. Spencer Friday. The meeting was called to order with prayer. Roll call was answered with "Flowers in the News."

Mrs. J. W. Ezell was leader for the afternoon's program. She discussed "Face Lifting a Foundation Planting." Mrs. H. O. Cassle gave an interesting discussion on dahlias.

Erma Lee Lindsey and Weldon Hudson Wed

Erma Lee Lindsey, daughter of Mr. and Mrs. W. H. Carter and Weldon J. Hudson, son of Mrs. R. M. Hudson, were married March 10 at Rotan.

Bro. Thomas McDonald, minister of the Rotan Church of Christ, read the double ring ceremony.

The couple left immediately after the rites for a short wedding trip to San Antonio.

Mrs. Homer L. Massey of Washington, D. C., is visiting her father, W. L. Walton, and other relatives. Mrs. Massey is business manager at Arlington Farms, housing project for

Mr. and Mrs. W. A. Dunmire of Lamesa and Mrs. Vida Smith of Aspermont were week-end guests in the Connie Drake home in the Wise Chapel community.

Have you seen the new metal baskets, hand decorated in pastel shades? At The Book Shop.

Mr. and Mrs. C. C. Cohorn of Hamlin received word Wednesday that their son, Private First Class Rogie Lee Cohorn, had been shipped for overseas duty on April 5.

Mrs. Poe Elected Teacher of Class

Business Women's Sunday School Class of the First Baptist Church met April 8 in the home of Mrs. Austin Poe, with the president, Mrs. Vera Nobles, in charge.

Since Mrs. Austin Poe is moving away, the class unanimously elected Mrs. Vera Nobles as the new teacher and May Gay was elected to replace Mrs. Nobles as president.

Refreshments were served to the following: Mrs. Vera Nobles, Mrs. Lewis Yates, Mrs. Ross Fomby, Nettie Brown, May Gay, Florene Corbett and Mrs. John Walton.—Reporter.

James A. Parker and family of Oklahoma City have been visiting Mrs. W. H. Parker in Hamlin.

Week-end guest of Veliera and Ava Hudson were Billy Jo and Paul Glynn of Abilene and Judy Kyle of Anson.

Visiting in the home of Dr. and Mrs. Don Gould last week was her sister, Mrs. Charles Russell, of Abilene.

Books! Books! Books! Best sellers, Bibles, poetry, cook books, children's books and all kinds of book accessories at The Book Shop.

Just Arrived—Lovely new stationery in all the newest shades (monogrammed while you wait) at The Book Shop.

Dr. and Mrs. G. W. Baker of Walters, Oklahoma, were recent visitors in the home of their daughter, Mrs. Don Gould, and family.

THE HAMLIN HERALD, HAMLIN, JONES COUNTY, TEXAS

WAGSTAFF ISSUES ANNOUNCEMENT IN RUN FOR CONGRESS

The Herald has been authorized to announce the candidacy of R. M. (Bob) Wagstaff of Abilene for the office of representative in Congress for the 17th District of Texas.

Wagstaff is a leading attorney of Abilene, a graduate of Hardin-Simmons University and the University of Texas Law School and a veteran of World War I. He represented his district in the 42nd and 43rd Legislatures, being the author of much important legislation.

His wife is the former Texas Orms, whose father was the late G. W. Orms, for many years district agent for A. & M. College Extension Service. The couple has two children, a girl and a boy.

Wagstaff's record in the Legislature included the authorship of the oil and gas conservation statutes, which were sponsored by the independent oil operators of this district and were passed through the Legislature over the opposition of several major oil companies. These conservation statutes have been judicially construed and upheld by all courts, including the Supreme Court of the United States.

Other laws which Wagstaff sponsored were the Water Priority Act, the law which gives cities and towns and farmers and ranchers full priority to use of the waters of the West Texas streams in preference to utilities companies and hydro-electric projects; the Confederate Pension Transfer Act of 1931, under which excess funds of the highway department were transferred to the Confederate pension fund, with provisions for later repayment, so as to make the Confederate pensions payable at a time when the pension fund was exhausted; and the first act setting aside the Big Bend Park as a state park.

Wagstaff also took a prominent part in the legislation affecting education. He supported the legislation which raised the per capita payments in 1933 from \$7.50 to \$17.50. He

was also author of the law changing the method of leasing the public school lands for oil and gas, which act provided for the selling of oil and gas leases by competitive bids. This act has resulted in the permanent school fund receiving many millions of dollars additional as bonus for oil and gas leases.

He took a leading part in the passage of the act for the assumption of the county road bonds. He was chairman of the sub-committee of the highway and motor traffic committee which prepared the final act, which was adopted by the Legislature. As a result, the state took over the payment of the outstanding indebtedness of the counties, incurred for the building of state highways.

"High level of prices for products of farms and ranches is the most important issue affecting the prosperity of this district," says the candidate in his platform. Declaring that for 75 years all the power and influence of the national government has been used to benefit industrial and manufacturing areas of the nation at the expense of the agricultural regions, he stresses his support of fairness and justice for farmers and ranchers.

Wagstaff's platform includes the following:

Support of the United Nations Organization to promote world peace, adequate armed forces for national

defense. Opposition to sharing the secret of the atomic bomb with other nations.

A balanced budget without further delay and reduction of taxes to encourage business.

Farm Program—Payments for parity and soil conservation with substantial increase in parity formula. Government guarantee of parity prices. Price adjustments and removal of ceilings for benefit of agriculture rather than acreage reduction and use of subsidies. Increased appropriation for farm-to-market roads. Extension of rural electric lines. Use of surplus farm commodities in the school lunch program. Support of government agricultural agencies.

Research to discover new uses for cotton, peanuts, maize and other farm products. Search to discover new plants and crops suitable for this district.

The most important issue affecting the prosperity of this region is the maintenance of a high level of prices for the products of our farms and ranches. So long as we can maintain high agricultural prices this district will be prosperous, and as a member of Congress I intend to cooperate and work actively with the farm bloc in Congress to accomplish this result.

Boards and Bureaus—Abolish all unnecessary boards and bureaus, and terminate war-time agencies as soon as the reconversion period is over.

Freight Rates—Equality and uniformity of freight rates throughout the nation.

Veterans' Legislation—Adequate and generous benefits to veterans of

Woman's Efficiency.

A Dutchman was recently expatiated on the folly of giving women the vote. He declared that in Holland there was greater efficiency among the female sex where they did not possess that doubtful privilege.

He pointed to the fact that the Dutch woman sits with one foot on the spinning wheel or churn, and with the other she rocks the cradle containing the twins. With her hands she knits socks for her husband, while on her knee rests a book from which she is improving her mind. And all the while she sits on a cheese, pressing it for market.

F. W. POE RENAMED PRESIDENT OF GIN SOCIETY AT NEINDA

F. W. Poe was reelected president of the Neinda Cooperative Gin when election followed the annual meeting of stockholders of the cooperative society held Saturday morning. Other officers named were: Vernon Harris, vice president; and F. B. Rosenbaum, secretary-treasurer, reelected.

Stockholders meeting was held at an earlier session when these directors were named: Fred Rosenbaum, C. R. Tarver and Vernon Harris. Old directors are Jet Milsap and J. H. Morton. H. W. Madden was renamed manager of the gin for the third year. About 100 stockholders attended the Saturday meeting.

Reports made at the annual meeting showed that \$160,000 had been paid to stockholders since 1932 when the gin plant was paid for. On last year's business 25 cents pr 100 was paid on lint and 15 cents per 100 pounds on seed as dividends to the 122 stockholders, for total payments of \$6,500. The gin processed 2,523 bales of cotton, Madden reported.

New machinery costing \$6,500 has been ordered, including a modern cleaning system, directors revealed at the meeting. The gin operates five 80-saw gin stands.

DON'T SCRATCH! Durham's Paradise Ointment is guaranteed to relieve itching accompanying Eczema, Rash, Piles, Ordinary Itch and other minor skin irritations—or purchase price refunded. Large 2-ounce jar only 60¢ at Waggoner Drug Store.

BRONCHIAL COUGHS —COUGHS DUE TO COLDS

An Amazing Cough Mixture

Spend a few cents today at any good drug store for a bottle of Buckley's CANADIOL Mixture (triple acting)—Take a couple of doses at bedtime—feel its instant powerful effective action spread thru throat, head and bronchial tubes. It starts at once to loosen up thick, choking phlegm—soothe raw membranes and make breathing easier.

TAKE GOOD ADVICE—TRY BUCKLEY'S

"Okay, just so
the engine's OIL-PLATED!"

"This one is . . . and you're 101% right," the car salesman agrees. He goes on to explain, "We want this car to show you real engine endurance—which means the least carbon, sludge, and upkeep you can have. That's goodwill for us. And all it takes to keep your engine's insides OIL-PLATED is Conoco Nth motor oil. . . . Say, this time you're figuring to treat your new car right! . . ."

Many of the oldest cars, too, are being kept in the running by having their engines OIL-PLATED. This internal wear-fighter—OIL-PLATING—is created by magnet-like action. That comes from Conoco Nth oil's added ingredient—surfacing your engine's insides with durable OIL-PLATING. There's your barrier against lots of wear. You can have it in any car—any model or year—by driving around to Your Conoco Mileage Merchant's station. You'll get your correct Spring grade of Conoco Nth oil—and an OIL-PLATED engine. Trouble Ahead for Him.

"You come into this court and state that, because you believe in signs you refuse to go home and live with your wife. A man living in this age shouldn't let superstition break up his home."

"Judge, 'tain't superstition Ah's afraid of, but Ah do believe in signs. Fo' de la' three nights, aftuh Ah'd gone to bed, Ah could heah dat woman honin' mah razor."

Bureau Finally Clarified.

Someone had wire a government bureau asking whether hydrochloric acid could be used to clean a given type of boiler tube. The answer was "Uncertainties of reactive processes make use of hydrochloric acid undesirable where alkalinity is involved."

The inquirer wrote back, thanking the bureau for the advice, saying that he would use hydrochloric acid. The bureau wired him: "Regrettable decision involves uncertainties. Hydrochloric will produce submurate invalidating reactions."

Again the man wrote thanking them for their advice, saying that he was glad to know that hydrochloric acid was all right. This time the bureau wired in plain English:

"Hydrochloric acid," said the telegram, "wil leat hell out of your tube."

Light cream is heavier than heavy cream. Heavy cream floats at the top of the bottle.

An average golfer will drive the ball off the tee at a two-mile-a-minute clip.

REGIONAL FARMERS URGED TO INCREASE GRAIN PLANTINGS

Hamlin area farmers are being urged to increase their planting of grains, especially corn and sorghums, in order to help alleviate the critical feed shortage.

Prospective acreage reports indicate that Texas farmers are falling far short of reaching the acreage goals set for corn and grain sorghums, according to B. F. Vance, state Production and Marketing Administration director.

Corn planting goal for 1946 is 4,950,000 acres, while prospective acreage is only 3,921,000 acres, 79 per cent of the goal. For sorghums, the goal is 7,800,000 and the indicated acreage is 7,045,000 acres, 90 per cent of the goal.

The Texas record for wheat and oats planting is much better, Vance declared, with 5,994,000 acres of wheat planted, 115 per cent of the 5,200,000-acre goal. The oats acreage is 1,849,000, slightly more than the 1,830,000-acre goal.

With feed supplies short and with great amounts of wheat being exported to starvation areas, the demand for all grains will continue, Vance said. He called on Texas farmers to go over their plans and to increase production of grain this year if at all possible.

Mills near Austin are producing cedar oil and other chemical by-products from the common cedar.

Texas cedar blocks make beautiful inlaid floors, laid in a mosaic pattern; yellow, dark red and brown.

**Revival to Close Sunday
Night at Baptist Church**

Near-capacity crowds have been attending evening services of the First Baptist Church at the revival meeting being led by John H. Osteen, new pastor of the church, who assumed the pastorate four weeks ago. Fairly good crowds have been going to the 2:00 o'clock afternoon prayer services, church leaders report.

With Ewell Bone of Abilene leading, outstanding musical programs are being conducted.

The revival will close Sunday evening. No Saturday afternoon service will be held, Osteen states, but an 8:00 a.m. Saturday service is slated. Special Easter services will be held Sunday.

UNDULANT FEVER MAY BE CONTROLLED BY MILK SOURCES

Undulant (Malta) fever, a disease which is transmitted to human beings by infected animals, is taking its toll in West Texas areas, stated Dr. George W. Cox, state health officer.

Individuals may acquire the disease, Dr. Cox advises Hamlin section folks: (1) As the result of direct contact with infected animals or (2) following the use of raw dairy products obtained from infected dairy cows. If the disease is due to contact with infected animals or their waste products, the germ gains entrance to the human body through the skin.

Persons who live on farms are more subject to undulant fever than those who live in cities. On farms, the disease is more apt to affect men due to the fact that men come in contact with hogs and cows to a much greater extent than do farm women. Farmers have direct contact with animals during loading and unloading for market. The handling of infected cows or sows and of the young at time of birth represent hazardous types of contact.

Danger of undulant fever may be reduced greatly by avoiding as much as possible all forms of direct contact with animals which may be infected. The wearing of heavy gloves if contact is unavoidable should aid in protecting the skin against exposure, Hamlin territory citizens are advised by Dr. Cox.

Urban residents have little or no occasion to come in direct contact with infected animals. Undulant fever acquired in city or town is due, as a rule, to the use of milk, cream and butter which lack certain safeguards. Prevention of undulant fever, whether due to contact with infected animals or to ingestion of contaminated dairy products, is dependent to a further extent upon the eradication of contagious abortion from farm animals and careful pasteurization of dairy products.

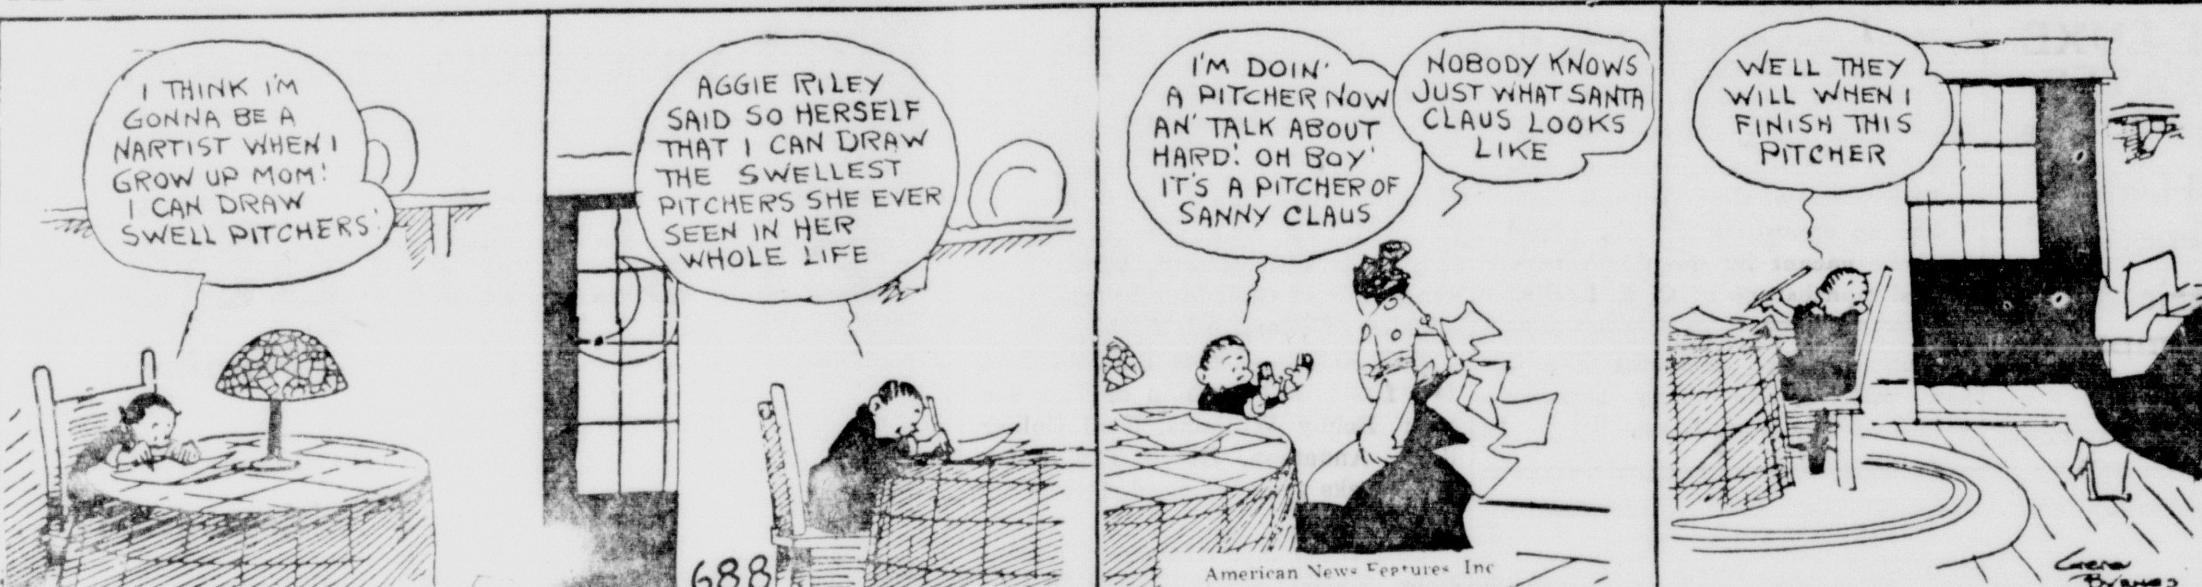

Flowers that bloom at night are white, for visibility, to attract insects to pollinate them.

Ex-Chaplain to Speak At Church Wednesday

Advertisement of 1849 Reveals Accumulation By Kentucky Farmer

Speaking on "Evangelism in the Church," Rev. H. J. Starnes will be in charge of a special after-revival service at the First Baptist Church Wednesday evening, beginning at 7:45 o'clock, Rev. John H. Osteen, pastor announces.

Starnes, a former Army chaplain

was pastor of the First Baptist Church at Eastland before entering the service.

Starnes' message Wednesday evening will inaugurate a new plan for evangelistic messages in the local church, congregation leaders say.

The HAMLIN HERALD can fill your printing needs.

rifle made by Ben Miller, 50 gallons soft soap, hams, bacon and lard, 40 gallons sorghum, six head fox hounds all soft-mouthed except one.

Ross Turner hands The Herald this clipping which turns to light a page from the past in the form of an advertisement of a public sale held in Kentucky in 1849. It is of considerable interest just what a man accumulated back in those days.

The clipping follows:

There is a wonderful glimpse of pioneer life in this sale bill of 97 years ago. The owner of the property, having sold his farm to leave for Oregon Territory by ox team, offered these personal possessions for sale March 1, 1849.

All ox teams except Buck and Ben and Tom and Jerry, two milch cows, one gray mare and colt, one pair oxen and yoke, one baby yoke, two ox carts, one iron plow with moldboard, 800 feet poplar siding, 1,000 three-foot clapboards, 1,500 10-foot fence rails, one 60-gallon soap kettle, 85 sugar troughs, 10 gallons maple syrup, two spinning wheels, 30 pounds mutton tallow, 20 pounds beef tallow, one large loom made by Jerry Wilson, 300 pales, 100 split hoops, 10 empty barrels, 23 barrels of Johnson-Miller whiskey seven years old, 20 gallons apple brandy, one 40-gallon copper still, four sides oak tanned leather, two handled hooks, three scythes, two cradles, half interest in tan yard, one 32-caliber rifle, bullet molds and powder horn,

'Tis said that most men become rich by accident. If that's true then why all the talk about safety first?

Richard Halliburton, the famous author, crossed the Alps on an elephant.

Thomas Jefferson's library was bought to start the congressional library.

Acid Indigestion

Relieved in 5 minutes or double your money back

When excess stomach acid causes painful, surfeiting gas, sour stomach and heartburn, doctors usually prescribe the Bell-and-Hollans Tablets for symptomatic relief—medicines like those in Bell-and-Hollans Tablets. No laxative. Bell-and-Hollans brings comfort in a jiffy or double your money back on return of bottle to us. 25¢ at all druggists.

That Little Children May Live

Famine threatens the world. Together we share the responsibility of helping to feed the world's hungry popl. To this end, and to conserve wheat, our President has called upon the Baking Industry to use a darker wheat flour.

This means that our baked foods are not as light in color as formerly . . . but be assured that the baked foods you buy from us are just as good and just as good for you.

It has been—and it will continue to be—our policy and pledge to buy the best and bake the best . . . and to maintain at all times the high standards of quality, wholesome appearance and goodness that our baked foods have always possessed.

Together we will cooperate with our President . . . together we will help feed the starving nations of the world.

When you buy this locally-baked loaf you are helping to make your home town bigger and better by supporting local institutions.

Herald Publisher Talks At Amarillo Convention

Speaking on "Need for Modern Mechanical Improvements in the Weekly Plants," Willard Jones, publisher of The Hamlin Herald, appeared on the Friday afternoon session of the Panhandle Press Association at Amarillo. The two-day meeting, held at the Herring Hotel, registered more than 300 attendants.

The local publisher was accompanied by his wife and daughter, Annetta Jeanne.

A cow's stomach is divided into four compartments, each with a different function.

Results Count..

IN THE CATTLE BUSINESS, same as anywhere else—a ranchman may have a wonderful-looking bunch of cows and good-looking bulls. If they do not nick, the results are apparent both in the show ring and in commercial auction sales. That is, even with good pasture, chemicals, water and feed, it takes proper handling and management.

The same conditions apply to the electric business. Miles of well-constructed transmission lines, neatly-kept substations and impressive generating stations do not complete the service of an electric company to its community. It takes folks seasoned in the "know how" of their business to render proper service and steeped in the customs of this section to sell this section's advantages to the nation.

Employees of this company are proud of their West Texas ancestry, and of their part in rendering, in addition to electric service, community service worthy of this great section.

Herb Howland Jr. to Make Race for Office Jones County Clerk

H. O. (Herb) Rowland Jr. announces his candidacy for county clerk of Jones County, subject to the July primaries.

He submits the following statement:

In announcing as a candidate for county clerk I fully realize the responsibility of the office. I feel that I am qualified and capable of performing the duties in a business-like manner.

I was born in Hamilton County in 1918, moving with my parents to Jones County in 1928, where I have lived since that date. After finishing high school I attended Hardin-Simmons University, Abilene, for two years. In 1938 I was employed by the West Texas Utilities Company in Stamford and was with them until the time I enlisted in the Navy.

On December 8, 1941, I volunteered for the Navy, reporting for active duty the following day. During my 50 months of service I served for 22 months aboard an aircraft carrier in the South Pacific. Following my discharge, I returned to the West Texas Utilities Company. My duties with the company and during my enlistment in the Navy were those of a storekeeper.

Having been discharged in February of this year and without private transportation, I realize it will be difficult to contact each of you, but I shall try. Meanwhile, your vote and influence will be deeply appreciated.—H. O. Rowland Jr.

And That Was the End.

Mary had a little calf,
He kicked a wicked heel;
Monday he lambasted Paw,
And Tuesday we had veal!

NEW MEMBER EACH WEEK MAINTAINED FOR HAMLIN LIONS

Average of a new member per week for several months was maintained by the Hamlin Lions Club Tuesday when Lovell Stell was initiated by Gordon Bennett in an impressive ceremony at the Morgan Hotel. The new member sang his way into the hearts of his club members in a spontaneous try at vocal soloing.

Ted Russell, after advance arrangements with Acting Tail Twister Bill Eyssen Jr., gave a report on a recent fishing trip to Old Mexico with Art and Stanley Carmichael. He revealed the secret of his champion catch without extra charge to the Lions. Others may secure his recipe in private conferences he inferred.

Nominating committee for new officers for the club's fiscal year reported the following nominations: Delma Shelburne, president; Art Carmichael, automatically becoming first vice president; I. R. Hutchingson, second vice president; Harrold Bonner, third vice president; C. C. Bailey, secretary-treasurer; Joe Moser, tail twister; W. H. Eyssen Jr., Lion tamer; one-year director, Clyde R. Angel; two-year director, Willard Jones.

Not to be outdone, the "rougher" element, through Henry Albritton, who represented the middle-of-the-Road Regulars, submitted an opposition ticket with the following names: Harrold Bonner, president; Claude Chastain, vice president; Perry Sparks, second vice president; J. D. Greenway, secretary; J. D. Ferguson, tail twister; S. D. Goodyear, Lion tamer; Howard Nall, one-year director; John F. Green, two-year director; Holly Toler, song leader. Campaign slogan of the group was stated to be "A plate and a place for every member, even if we have to stay at home."

Two boys will be sponsored at the annual Boys' State at Austin in June by the Lions Club. The group voted to pay expenses of local high school boys to the supervised state government ceremonies sponsored locally by the American Legion.

Guests at Tuesday's meeting were Ewell Bone of Abilene and Bill Palm of Abilene.

NOTICE OF CONSOLIDATION ELECTION

The State of Texas, County of Jones: To the legally qualified voters of Hamlin Independent School District and Neinda Common School District No. 27:

Take notice that elections will be held within said Hamlin Independent School District and Neinda Common School District No. 27 on the 27th day of April, 1946, at the places and on the proposition more fully set forth in the order of the County Judge of Jones County, Texas, substantially as follows, to-wit:

"On this the 3rd day of April, 1946, there were presented to me a petition signed by Tate May and 32 other legally qualified voters of Hamlin Independent School District and a petition signed by C. E. Gregory and 22 other legally qualified voters of Neinda Common School District No. 27, which petitions prayed for a consolidation of said districts and the issuance of an order of an election for that purpose.

"I find that the petition signed by Tate May and others was signed by 33 legally qualified voters of Hamlin Independent School District, and that the petition presented by C. E. Gregory and others was signed by 22 legally qualified voters of Neinda Common School District No. 27.

"I further find that Hamlin Independent School District is situated partially within Jones County and partially within Fisher County; that the principal portion of said School District and its properties are situated in Jones County; and that Jones County has jurisdiction over the principal school of Hamlin Independent School District.

"I further find that said petitions are in compliance with the law and should be granted.

"It is therefore ordered:

"1.—That an election shall be held in Hamlin Independent School District and Neinda Common School District No. 27 on the 27th day of April, 1946, at which there shall be

Mose M. Jones Issues Formal Announcement In Race for Sheriff

Mose M. Jones this week presents the following political announcement to The Herald:

To the Voters of Jones County—
Greeting:

For a long time now it has been the democratic way of life for the electorate to have the right to select by ballot the men of their choice for carrying on the local, state and national government. I am, therefore, offering my services to you for sheriff of Jones County.

I was born in Callahan County in 1902 and moved with my father to Jones County in 1906 and have been a citizen here since that time.

In offering my services to you I do so with the full knowledge that you have a right of choice, but I have only a desire to fulfill all that is asked of me should I be elected to one of the chief executive offices of your county.

I am the grandson of Uncle Mose Jones, whom most of the old-timers remember, and I have worked for wages 20 years of my life. For the past five years I have been a farmer. I am the father of four children and feel the full responsibility of good citizenship.

If you shall see fit to support me in the primary election I sincerely trust you shall never have occasion to regret it, and to the best within me that there is I shall see that the laws of Jones County are fully executed.—Mose M. Jones.

BANGS DISEASE IS TAKING BIG TOLL IN COUNTY CALF CROP

Brucellosis, commonly known as Bangs disease, is taking its share of the calf crop in Jones County this year, according to County Agricultural Agent H. C. Stanley. Bangs is a disease of the reproductive organs of cattle which causes the cow to give birth to the calf prematurely. The calf is usually born dead.

W. H. Hughes, J. V. Masters and T. A. Masters of Avoca were in the county agent's office this week, Stanley advises The Herald, telling of their losses and wanting information in regard to getting their cows tested for Bangs disease.

There are two ways of getting cows tested, Stanley says: (1) Get your local veterinarian to test for you; (2) go to the county agent's office and file application to the State Livestock Sanitation Commission for assistance in helping you to rid your herd of Bangs disease.

"Our state veterinarian or one of his assistants will test your herds within 60 to 90 days after the application is made," Stanley states. "This is a free service when done by the Livestock Sanitation Commission."

"Why take a chance with this dreaded disease, which is contagious to other cattle?" Stanley pertinently asks stock raisers of the area. "Let's have those cows tested and vaccinate those calves. If this disease is permitted to continue unmonitored it will eventually ruin all of our cattle."

FUTURE OF COTTON BRIGHTENS AS NEW USES BEING SOUGHT

Future of cotton growers of the Hamlin area and other sections of the Cotton Belt still looks rosy, in spite of the invasion of markets by synthetics and other substitutes for cotton products.

Hamlin and other West Texans are interested in recent steps taken by the National Cotton Council at its annual meeting to send the cotton industry into the post-war era with an all-out offensive program to expand present cotton markets and to create new ones.

Representing all six branches of the raw cotton industry, the council's 250 delegate members drew up a completely aggressive schedule of activities for 1946. This work will cover the fields of research, production and marketing, sales promotion and foreign trade.

"The time has come when we must take the initiative," Oscar Johnson of Scott, Mississippi, council president, said. "We can no longer feel that we have accomplished our task when we merely hold what we have."

"Competition from artificial fibers, paper and foreign growths even now is reaching new heights. Cotton not only must meet and cope with this threat but it also must face the future with a concerted effort in every field which will far more than offset any challenge."

The Cotton Belt's 1,500,000 cotton farmers are the keystone in the hard-hitting drive to smash the market threats of cotton's competitors. Producers participating in the program contribute 10 cents on each bale of cotton ginned from their farms, as did many producers in the Hamlin area last season.

In regard to post-war production activities, council delegates recommended that all agricultural experiment stations in the Cotton Belt carry on experimental and demonstration work in mechanized farming.

Also endorsed was a far-reaching educational program on better cotton farming methods. Particular emphasis was placed on council cooperation with the Department of Agriculture and the state extension services in the new seven-step cotton program.

Raw cotton price ceilings were opposed with grim determination. Delegates urged that the council take "appropriate action" against any and all moves to establish ceilings.

Good Interest Shown in Nazarene Church Meet

Church of the Nazarene officials tell The Herald that good interest is being manifested in the series of pre-Easter revival services being conducted each evening at 7:45 o'clock, in which Pastor J. H. Crawford is doing the preaching. Martin Westbrook is leading the singing.

The series of revival services is scheduled to be closed Sunday evening, Crawford states. Citizens of the area are urged to attend the remaining services of the meeting.

Mattie S. Colliorn returned to her home at Amarillo Tuesday after a 10-day visit with her mother, Mrs. Don Stephens, and friends. Other guests in Mrs. Stephens' home over the week-end, and attending the rodeo, were J. H. Gruben of Rotan, Mrs. Karl Bonneous of Trent, Mr. and Mrs. Jim Stephens of Brownfield, Jasper W. Stephens and son, Roy, of near Roby.

Wondrous is the strength of cheerfulness, altogether past calculation its powers of endurance.—Carlyle.

WOMEN OF COUNTY TO BUY PINEAPPLES AGAIN AS GROUP

Marketing committee of the Jones County Home Demonstration Council is making tentative plans for ordering pineapples cooperatively again this year, according to advice to The Herald from Hannah Nabors, county home demonstration agent.

It has been decided to handle the orders by groups only, and the committee would like for each community to select a person to serve as a marketing chairman and handle all the orders from his or her community. No orders with less than six families can be considered, Miss Nabors explains. Fractions of dozens will not be taken. When the pineapples are distributed they will be checked out in the full amount to the marketing chairman, who in turn will check them out to all on his or her list. Distribution to local families may be made either at the place where the pineapples are checked out or taken back to the home communities by the marketing chairmen and distributed there.

Pineapples are expected to be ready for shipment between May 10 and July 1. Price will be about \$4.50 per dozen for 60-pound dozen. This price, Miss Nabors explains, is subject to change. Last year only \$4 per dozen was charged, but this was on the basis of a 48-pound dozen. In these pooled orders the price of the product includes only the cost of the pineapples and the expense of handling. There will be no profit to any individual or organization, and voluntary leaders are expected to give their time and energy to help their neighbors get a scarce item at a reasonable price.

Temporary list of people who want to order pineapples and the number

"Stuck Up. You Said It---Ever Since She Got Her
Tonsils Out."

Representative of Social Security Board Coming

A representative of the Abilene Social Security board field office will be at the Hamlin post office at 4:30 p.m. on Wednesday, April 24, for the purpose of assisting with retirement and death claims under the old age and survivors' insurance provisions of the Social Security Act.

He will also be glad to answer questions about social security numbers or federal security accounts.

Tough Luck All Around.

"Jack had tough luck in court this morning."

"How's that?"

"He was arrested for kissing a woman. The judge took a look at her and fined him \$10 for being drunk."

of dozen wanted will be made by the group leaders. No money is to be collected now. Everyone should understand that the first list does not complete his order, but the order is taken when money is collected at a later date. About a five-day notice will be given for collecting money, and the tentative list made now will help group leaders know whom to contact when notified later.

If further information is desired, please write or contact Mrs. H. F. Brigham, County Home Demonstration Marketing Chairman, Route 3 Stamford, Texas, or the Home Demonstration Office in Anson.

SPRING FOOTBALL TRAINING SHOWING UP GOOD MATERIAL

A promising array of football talent is showing up this week at the Pied Piper field that bids fair to shape into a formidable team that will give area competition a run for their money this fall when matched play starts. So reports Coach L. B. Howard of the Hamlin High School charges when spring football practice was started last week.

Eight regular lettermen and four reserves from last year's edition of Pied Pipers will make a splendid nucleus for the 1946 football team, Coaches Howard and Melvin Carlton declare. Eighteen other recruits had reported by Monday for scrimmage and skull sessions.

Work-outs are being held all five school days of the week, Howard says. The public is invited to come out and watch the pre-season grid practice, which is conducted from 2:30 to 4:30 o'clock each afternoon, the coaches state.

Reporting for the spring try-outs so far are:

Brad Rowland Jr., three-year letterman and all-district back from the 1945 team; Joe Weir, two-year end letterman; Bobby Crowley, two-year tackle letterman, who made the all-district second team last season; Norris Blanton, three-year guard letterman; Doyle Dean, two-year back letterman; J. Sedberry, two-year guard letterman; Billy Owen, one-year back letterman; W. C. Moore, one-year center letterman;

Bobby Riley, tackle reserve; Stanley Butler, reserve back; Seth Adams, guard reserve; and Benny Houghton, guard reserve.

Other candidates reporting so far are: Billy Franks, end; Thomas Marr, end; Ray McCurdy, tackle; Bobby Goodgame, tackle; Bob Miles, center; LaWayne Long, back; Bob Smedley, guard; George Bingham, back; Callens George, back; Junior Fletcher, tackle; Gene Westmoreland, back; Weldon Townsend, guard; Clifton Townsend, back; Joe Ford, Donald Young, Carroll Phipps, Earl Putman and Nathan Stephens.

Mart Farrow Selected Member of J-Tac Team

Mart O. Farrow, son of Mrs. Mary Farrow of Hamlin, has been selected as a member of the John Tarleton College R. O. T. C. crack drill company. This announcement was made this week by Captain Jack D. McCullough, professor of military science and tactics at the Stephenville institution after extensive try-outs. The best drilled men of the entire corps were selected.

Mart and the other members of the drill team will participate in the Battle of Flowers in San Antonio this month. This organization will also participate in the ex-student reunion and memorial service to be held on the Tarleton campus May 4 and 5.

Mart is majoring in engineering at Tarleton.

PIED PIPERS FACE TOUGH SCHEDULE OF FOOTBALL TIOTS

Five home games and five tilts away from home will present some of the toughest competition in the history of football at Hamlin High School when the 1946 Pied Pipers begin actual play this fall.

This was the word from Coach L. B. Howard and Assistant Coach Melvin Carlton, when the schedule of games was announced this week. One open date remains on a slated 16-game series of competition.

First game will be with the tough Roscoe Plowboys at that Nolan County school on September 13. Final engagement is November 22 with the Merkel Badgers.

Complete schedule of games for the 1946 football season for the Pied Pipers follows:

September 13—Roscoe at Roscoe.
September 20—Rotan at Hamlin.
September 27—Haskell at Hamlin.
October 4—Spur at Spur.
October 11—Throckmorton at Hamlin.

October 18—Stamford at Stamford.
October 25—Open.
November 1—Munday at Munday.
November 8—Albany at Hamlin.
November 15—Anson at Hamlin.
November 22—Merkel at Merkel

Spending the week-end with Mr. and Mrs. Earl Brown at Wise Chapel were Mr. and Mrs. Ramon Elkins and children, Ramona and Devy, of Dallas. W. S. King of Driscoll and Mr. and Mrs. Robert King and daughter, Eileen, of Girard.

A number of boys and girls of the Baptist Church attended a meeting of Royal Ambassadors and Girls' Auxiliary members at Rotan Friday evening.

Corsay Moffett returned Monday

from Monroe, Louisiana, but Mrs. Moffett remained at the bedside of her mother, who is still critically ill.

Lorena Gray of Monahans visited in the home of her parents, Mr. and Mrs. Edgar Smith, Saturday.

Visitors in the H. B. Ward home this week have been their daughter and son-in-law, Mr. and Mrs. Joseph E. Thompson of Oklahoma.

Scott Swindall is on the sick list this week.

Mr. and Mrs. Curtis Sharp were visiting relatives at Sylvester Sunday.

Mrs. Maggie Wilder was in Rotan Thursday.

Bill Combest and grandmother, Mrs. Martha Scallorn, are visiting relatives at San Antonio.

Joe Breed of Houston Replaces B. L. Jones As NFLA Secretary

Joe Breed of the Federal Land Bank of Houston succeeds B. L. Jones as secretary-treasurer of the Jones County National Farm Loan Association, and will arrive in Anson Thursday to take over his new duties.

A former West Texan, having lived at Floydada, where he worked for a commercial bank and also served as secretary-treasurer of the Floydada NFLA, Breed has been with the Federal Land Bank of Houston the past 12 years.

Breed is a graduate of Hardin-Simmons University, Abilene, and married the former Ruth Rosser of Abilene. They have a daughter, Nancy, seven years old; and a son, Joe Rosser, two years old. Mrs. Rosser and the children will move to Anson about June 1.

Directors of the Jones County NFLA are D. W. Crumpler of Anson, president; J. L. Culbertson of Hamlin, vice president; L. H. McBride of Hamlin, R. B. Buie of Stamford and C. F. Upshaw of Stamford.

Mrs. J. E. Griffin, son, Jack, wife and baby of Ockerly and daughter and husband of Big Spring were week-end guests of Mrs. A. G. Hudson and family.

FOUR HAMLIN BOYS WILL GET ROLES IN BOYS' STATE WEEK

Four Hamlin High School boys will be provided expenses-paid trips to Austin to participate in annual ceremonies at the capitol the week of June 9 to 16, when supervised administration of state affairs will be placed in the hands of Texas boys for a week. This was announcement made Wednesday by Joe Culbertson, commander of the Keifer-Patterson Post of the American Legion, sponsor of the movement for Hamlin.

Selection of the boys from Hamlin High School will be made by school officials within the next several days. Superintendent of Schools I. R. Hutchinson stated this week.

Boys' State is an annual affair conducted in cooperation with state

of Texas officials to familiarize the boys of the Lone Star State with operation of state affairs. All state officials will be elected from the group of several hundred boys sent to participate in the one-week supervised government demonstration.

Hamlin boys will be sent to Austin with expenses paid by the Hamlin American Legion post, the Rotary Club and the Lions Club, the latter group paying for two boys' expenses.

Spending the past weekend with her parents, Mr. and Mrs. W. E. Newsom, and attending the Hamlin Rodeo were Mr. and Mrs. Charles Connally and little daughter, Barbara Ann, of Sweetwater.

POT-SHOTS FROM McCARLEY

BY GEO DARDEN

Mr. and Mrs. Howard Darden and family visited in the George Darden home last Saturday and attended the Hamlin Rodeo Saturday night. Their home is at Abilene.

McCaulley citizens were well represented at the two-day rodeo in Hamlin last week-end. All the folks are still talking about the buckskin cutting horse from Snyder. And, come to think of it, folks, that cutting horse owned and ridden by Jessie Myers was tops, too. In fact, we saw plenty of A-1 cutting horses at the show.

McCaulley High School senior play presented last Thursday night was a great success and a packed house was on hand to see a good play and well acted.

Mrs. Linn Allison, the former Clara Jo Lawlis, is now employed at the McCaulley Cafe. Her husband is overseas.

Sometimes we get all excited about the oil wells in and around McCaulley and suddenly the excitement dies down, but some of these days we expect to be in the center of one of the great oil fields of Texas.

Since it's too dry to do much farming the farmers have turned to fishing—and they are catching some nice ones, too.

Mr. and Mrs. Turner Beard of Clyde visited in the home of her mother, Mrs. W. M. Keller, and sister, Mrs. L. E. Rector, last week-end.

Mrs. Sybil Stevenson of Scoggins Beauty School, Abilene, visited relatives and friends at McCaulley over the week-end.

Mr. and Mrs. S. E. Miers and the George Darden family attended the Fisher County Singing Convention at Rotan last Sunday.

Bryan Bradbury has announced for Congress. That makes six in the 17th District race to date. Bradbury proved to be a fast horse in former years. And he has some fast competition.

We saw our good friend, D. L. Smith, at the singing convention at

NEXT DOOR TO CARMICHAEL TRACTOR CO.

MEGARGEL MAN TO TALK IN REVIVAL AT ASSEMBLY OF GOD

Rev. LeRoy Helms of Megargel will do the preaching in a series of revival services beginning Sunday morning at the Assembly of God Church in Hamlin, according to Rev. Paul Joynes, pastor.

Preaching service will be at 11:00 o'clock Sunday morning. Evening services Sunday and throughout the revival will begin at 7:45 o'clock.

Local singers will be in charge of the music during the meeting, which is scheduled to continue probably two weeks. Congregational singing will feature the services, the pastor declares.

Rev. Helms is one of the outstanding ministers of the Assembly of God Church in this area, denomination leaders state.

Pastor Joyner invites all people of the Hamlin community to attend the services.

bed sheets, underwear, etc. Our shortage is due to the fact that the mills are shipping to Mexico, Canada and other foreign countries and getting a price much more attractive than OPA allows in this country. Our government should ban all shipments of vital necessities to other countries until our own citizens are supplied. Don't kid the public, Wash-

Twin Daughters for Binions.

Mr. and Mrs. F. J. Binion of Ysleta announce the arrival of twin daughters, Viola Elizabeth and Gladys Jane, on March 28. Mrs. Binion, the former Viola Bryson, is a daughter of C. E. Bryson Sr. and Aspermont. She was a member of Hamlin High School faculty several years prior to her marriage.

ABILENE, TEXAS

Brownwood, Texas, was the birthplace of the original 36th Division in 1942.

The famed 36th Division will be returned to Texas as a National Guard unit.

A prominent Mexico City attorney praised the increasing study of Spanish in Texas schools.

IT'S BETTER

FLATLUX
MADE WITH OIL
COVERS WALLPAPER
In One Coat

Rooms decorated with FLATLUX look better . . . they have that beautiful flat, non-glare finish, only obtainable with an oil-base paint, (not thinned with water).

FLATLUX colors are lime-proof . . . insuring against 'lime burns' when used on new plaster walls.

FLATLUX costs no more than ordinary water-thinned paints . . . because of its extra spreading. One Gallon will do the average room.
